“ I got to know Jamie thru a fellowship that we shared. When we first met Jamie was quiet and reserved. When I asked him about his family his face lit up and the conversation flowed as if we were friends forever. He was a loving and caring person who wanted nothing but to grow old and be with his family. I don't feel I knew him as well as his long time friends, but Jamie had a smile and a big heart. I could see how much he loved his children, friends and of course both of his dogs. Jamie, I hope you know how much you were loved! RIP

“ *Jamie was an amazing person who had an infectious laugh and smile. We are still so broken hearted at this sudden loss. We are certainly at peace knowing all of us will see him again one day. God is close to the broken hearted. We laughed the other night thinking of old times when we all went Boating and Jamie fell off the boat by accident and we all were yelled at by the dock master 😂😁 We all laughed about that for years. Miss you my old friend. See you again*

“ It was great to have spent time getting to know Jamie through coaching JV football. He was passionate about sharing his knowledge to the boys. We had some good laughs along the way. I remember first getting to know Jamie at Redskins tailgate. It was a blast and a photo I still have. Rest In Peace, Jamie....”Coach”. One brotherhood on Earth and beyond. Can’t believe you’re now here. You’ll be missed.

“ *We are so sorry to hear of Jamie's passing. He was such a kind neighbor to my in laws and did roof replacement for us and my Mom, who he was so nice to very and patient with. “ *We really liked Jamie; he was a real inspiration to people whose lives he touched. We met him at the opening of Safe Harbor, he did a genuinely nice job for Elaine's Mom, at a very reasonable price to a huge old farmhouse. His family once camped at our RV sites, and I didn't wish to intrude at dinner; but now wish I had broken bread with this brother, a fine man of God - and it showed in all he did. We shall see him again!*

*Peace and comfort to the Family.

“ Though I only knew him last couple months it was clear he was a gentle person that truly cared about others. Soft-spoken, with wisdom from living a full life. I was real excited to ski with him, unfortunately we didn't get the chance. I reach out to his family expressing my 'heartfelt condolences.' I hope there's an opportunity to grieve and remember, together. As all know, current society is tough, nevermind a close death. I will keep Jamie and his family in my prayers. He was special. “ Dear McIntosh Family, I didn't know Jamie as an adult but as a really cute little boy that lived in the house behind ours in Crofton. He was always very polite, loved to climb the tree in our backyard and loved animals--especially Sebastian and Tyler. I remember when he was a teenager he found a baby Robin that had fallen out of its nest and he fed and cared for it until it fledged. Even after it had learned to fly, Jamie would go outdoors several times a day to hand feed the little bird. When he had to go on a trip with the family he asked me to continue feeding the bird. When he returned from vacation he was noticeably saddened to learn that the bird had eventually stopped coming to be fed.

My children loved him as a babysitter and when he got a job at a local pizzeria, they always requested him for pizza delivery.

All of the Newberry family is sadden that Jamie has left you too soon. We hope you can hold on to the thought that his life, which was filled with love, will go on forever in your hearts. Our family's thoughts and prayers are with you during this very sad and difficult time.
