“ *I will always remember and it meant so much to me that Darin always asked for me to be put in the kitchen to help him because he said he could count on me to give it my all and get the job done right when I was in the Journey of Hope program at Halo. It always makes you feel good about yourself when someone tells people they can depend on you and it was a great honor to have worked with him. He and his wife are beautiful people inside and out and I love them like family.*

“ Darin was a generous, kind man that loved his family. I was fortunate to meet him during a very low point in my life. His smile and words of wisdom always made me want to do better and be a better person. My prayers go out to his family during this very difficult time. Fly high, Darin.
