“ *Such a kind and considerate doctor always willing to listen and also help you with your medical issues. The world got. A little colder with his passing and we will miss him dearly as a friend but also as our eye doctor. We hope in time that the good lord replaces your tears when thinking of this wonderful man and replace it with a warm smile and a remembrance of better times with lots of love and laughter . Alice and I will miss his sailing stories and our friend. Rest In Peace dr Thompson you've earned your rest.*

“ I have fond memories our times together in medical school . We were team mates on the City league basketball team from Bowman Gray and we enjoyed medical fraternity socials and class functions . .At graduation I complemented his taste in tie selection . He promptly removed the tie and insisted I accept it as a gift . Wearing ties daily I was reminded of our friendship several times each month for many years .

We have a lot of good memories spending time down at Dr Jim's. Our kids enjoyed fishing & crabbing off the dock and swimming in the pool. He was truly a kind and generous person. Thanks for the wonderful memories:)
