“ *Sue and family, We were shocked to hear of Jim's death when Dan notified us. We had just been talking about you guys just a few days before. The good neighbor friendship and the many visits. Actually we recalled the day Jim helped put the Model A body back on the frame and the Model A car model you gave me painted in the same color even. Please accept our sympathy and take care of yourself. Sharon visits with your Mom on a regular basis, she is like and adopted mother to her. We are glad you are near your boys and grandchildren, there's nothing better than family at a time like this. Sharon and Bob*
