“ *Jean, we already miss your graciousness, generosity, and loving ways. You were a linchpin of the family, bringing members together and keeping in touch with, and caring about, everyone. We will hold your memory in our hearts always.##imported-begin##Gail Eager##imported-end##*

“ *There are no people who can replace the dear ones we have lost. Great voids remain in our lives but the memories of happy times together are even more deeply cherished.*

Jean was a pillar of the family, ...resourceful, energetic, graceful, and a little rascalish now and then.

She kept the family together with phone calls and reunions, always lending support when needed and being available to the many people she loved.

My childhood memories of her include..the hiding of coke in a prune juice bottle (good way to save it from coke fanatic family members), scrumptious meals, and just plain being there to talk and be with.

She will be sorely missed.##imported-begin##Donna Lusby##imported-end##
