“ Joann was a funny lady once you got to know her. We had plenty of good times with the kids. And endless hours playing skipo and other card games. One funny memory of her and the boys is when they had jiggers they were dancing on top the kitchen table while joann and I painted them with clear nail polish lol what a day. We will miss you have suffered way to long my friend glad your at peace.

“ Words can never tell how we felt about each other. From the time we meant and fell in love at such a young age all the way through our lives, we had a special love in our hearts for each other. Even though we drifted apart, deep down we never stopped caring. That made us special. You were always special in my heart, and will always be my only true love. Rest in Pease JoJo.
