Joel I will never forget the day you and Crystal dropped what you were doing and rescued me when I had the car accident. My heart aches for Crystal but I know she is strong and you are looking down from heaven to see her through.

“ I have had the pleasure of working with Joel the past few years. When I first met Joel, he stepped up and took on a project that went beyond his regular responsibilities to ensure our group received some vital reports. He was a genuinely nice person and was always great to work with. Joel will be greatly missed, and I feel lucky to have known him. My thoughts and prayers are with Joel's family.
