“ We shared the most learning time of our lives, our teenage years. We taught ourselves self-sufficiency. Building log cabins, dating creeks to create swimming holes. John had the gift of spotting arrow heads in a newly plowed field. I find it amazing that none of us lost a toe to a snapping turtle while searching for golf balls with our feet. Back then our proceeds always went to cigs and a coke from the clubhouse. I have many memories of our escapades maybe one day I can publish them. They will be a good read thats for sure. Love ya brother, till we meet again.

“ I am so sorry to all the Paquin family on the loss of John. So many memories come to mind, most unprintable, lol. What I remember most is that John could light up a room with that smile of his & that laugh. He was a charmer & was just a big soft bear from what I can recall so many years ago when I knew him with his brother Joe. Prayers & comfort is all one can offer at this time to his family & friends. RIP, John...

“ *My condolences for the entire Pacquin family. I remember the great times we had visiting with aunt Janet, uncle Joe and all 8 cousins. I'm not sure what place John had in line of the eight kids but growing up I remember him as a sweet and good looking guy. I've lost track of everyone for awhile and wish I could come to John's service but Florida is just to many miles. God bless and comfort you all. Love Dia (DeeDee) ❤️*
