“ John blessed me and so many others in Symphony Village with many lasting memories.

*It was a pleasure to work with him on the Symphony Village Publications & Communications Committee's website and directories. He was truly the backbone of the operation. I will always remember his kindness, his brilliant mind, and his sense of humor. I giggled with joy whenever I encountered a technical problem and could work with John to dig deep into the bowels of the computer. How fun!*

*Most of all, he was ALWAYS an upstanding gentleman.*

*I thank God and I thank Helen and his family for sharing him with us.*

*My love and prayers are with the family.*
