“ *A life is like a song we write in our own tone and key. Each life we touch reflects a note that forms the melody. We choose the theme and chorus of the song to bear our name, and each will have a special sound, no two can be the same.*

*So when someone we love departs, in memory we find their song plays on, within the hearts of those they leave behind.*

*May the quiet places of your hearts be filled with sweet echoes of songs, love and memories of Buddy.*
