“ Jody was much more than a coach to me. He was an instrumental part of helping me to gain the very confidence and belief in myself that has aided in the woman I have become today. I will forever cherish my moments playing under his leadership on the QA Women's basketball team. Those are some of my favorite moments in life and he played an important role in that being the case. He will truly be missed, but I thank God for letting us have his spirit if for but a little while. His legacy continues to live in the lives of every person he touched.

“ We knew and loved Jody from our West Chester University days and onward. He was our kind, gentle, wonderful friend. His dog, Zach, was everyone's best 4-legged friend at West Chester and Jody adored him - as he did all creatures great and small. Jody was in our wedding, stayed with us for a short while before moving to Maryland (and comforted and played with our now 33 year-old son Geoff when he was a baby), brought us our beloved Josie (black lab puppy of his Darby), and was a member of the long-standing poker game starting post college graduation until today. Our hearts are broken. Arlene, we are so sorry for you and your family's loss.

“ Jody was a dedicated teacher; a dedicated coach; and a dedicated friend. He instilled confidence in those who he taught about the “fun” in math and confidence in the ladies he coached... Not only basketball but about life. His friendly smile put rookie teachers at ease and brought a lightheartedness to his colleagues...especially during math meetings. Jody leaves us with many memories and Queen Anne's high School will miss his presence at the games he supported. Good bye, Jody. My prayers for Arlene, Ashley, and Jason during this time of grieving.

“ Jody was one of the first teachers I met as a new teacher at QACHS. He was just a great guy and looked at me the first day of school just as students were coming in, saw the nerves on my face and said, "Warren (my maiden name), relax, you got this." I will never forget his kindness that day and everyday after that we ran into each other in the hallway for the 5 years we worked together. God takes the great ones for a reason, I hope he and my father are sharing a beer right now getting ready to do whatever it is they were needed for.

“ I was literally knocked breathless when I was informed that Jody had passed by my daughters Tara and Tam , both. High school basketball players who met Jody as elementary school girls while I was then the coach if the QACHS women's basketball team. They both would go on to play with the Easton High warriors and compete against the Jody Hyde led lions. Yes Jody succeeded me as the coach of the lady lions and queen Anne's could not have found a better person to replace me. Jody was awesome and carried the lady lions to unparallel success! Truly a great man, friend, teacher and coach. Well done , RIP.

“ Mr. Hyde was my coach and mentor, one that I have always respected and looked up to. What he taught me on the basketball court was more than just drills and plays; they were life lessons. He taught groups of young women how to be confident, how to work together, how to overcome obstacles, how to work hard at what you want to achieve, and mostly he taught us not to give up. He always believed in you, and he always let you know he did. Some of my best memories are from when I returned to QACHS after graduating and helped him with some of his practices, attended some of the games and just spent time with him, not as my coach, but as a friend. Mr. Hyde was a great man, and he will be greatly missed. Thank you for all the memories, the love of basketball that you gave me, and confidence that you instilled in me. You will be greatly missed.

“ *Mr. Hyde is the best and definitely one of the most entertaining people Queen Anne's County has ever had. I never even had a class with him but he was always so supportive of everything in my life and always there for whatever I needed. He always fun to be around and always someone we looked forward to seeing every day and spending time with. I didn't have to have him as a teacher to know how great of a teacher he was. All of my friends that have his class, loved him and I know he cared so much for all of us. And I didn't need to be in his classroom to learn about life from him and to learn about how to work for what you want and to stay confident in your abilities.*

He definitely made his impact in life. He educated and entertained us all. It just won't be the same the next time I come home but he can finally rest after putting so much into his family, his friends, his students and his players.

“ RIP Mr Hyde one of my favorite teacher's. School was often tough for me because I did not understand things the normal way others did and would often give up. Mr Hyde always treated me like a young man and not a kid in his class room. He always took the time to make sure I understood what he was teaching and would stop class to make sure myself or others did not fall behind. Because of him I gained confidence in my ability to learn, I only wish it had not been my senior year in high school. But I think of him often in life because he taught me I can. Thank you Mr Hyde you will truly be missed and I will never foreget you or what you did for me.

“ I'll just pick one because there are so many. I remember a game against Cambridge. We had been winning all game long and had become, as he loved to say, "lackadaisical". They began to come back. They had one player that had gotten hot and they kept feeding her the ball. They were down by 2 and frankly, I was too tired to have to go into halftime with them having the momentum on their side. Mr. Hyde called a timeout during their possession and told us to play a 2-3 zone defense. I didn't feel like that would be good enough to stop her. So, once we broke the huddle as a senior captain I called the team together and said, "We are playing box and 1." Tracy Thompson was our best defender. I said to her, "Don't you let her get the ball." She shook her head affirmatively.

The ref gave C-SD the ball. Tracy was on the "hot girl". They could barely get it in. For that entire 15 seconds Mr. Hyde yelled, "2-3 zone. 2-3 zone," but we continued unaffected by his yelling or bleacher kicking. Cambridge was unable to get the ball to their best player. They ended up throwing the ball and one of us stole it to end the game. As we walked off the floor he called me over and put his arm around my neck and said, "Good job Coach Yo on that call. If it hadn't worked, I would have killed you." I said, "I know." He smiled and then I smiled too.

He always believed in his players. He always believed in me. I'll miss the "Blonde Bombshell" as I affectionately referred to him. In those later years, we upgraded it to "Platinum"

“ I am very saddened to hear of Jody's passing. Jody and I became friends while colleagues at Queen Anne's, and we spent some fun times together at games, playing golf, or just having bs sessions after school. I was not aware that he had taken such a quick turn for the worse, and I regret not trying to visit sooner. Cancer is such a dreaded disease, and maybe one day we will figure out how to cure more of it's types. Jody was an A plus friend, colleague, and teacher to many students. “ My deepest sympathy to the family and friends of Mr. Hyde. He was my high school basketball coach, algebra teacher and friend. We ladies of the Queen Anne's County High School women's basketball team were so lucky when he picked up our coach-less team in the fall of 1988. Through his amazing spirit and way, he taught each of us so many things about how to be smart, strong, poised, capable and confident young women. He took our struggling little team and created a family for us - one in which we laughed and cried, and sang and talked on those long bus rides home from games. I have so many wonderful memories of Mr. Hyde but the one that stands out this morning, as I learn of the very sad news of his passing, was the night we beat Glen Burnie High School at Glen Burnie in a game we weren't expected to win. By a fluke, i scored alot of points that night and as the game buzzer sounded I ran off the court and into Mr. Hyde's arms as we all cheered and jumped and gave high fives and our cheering section of parents went wild! We all loved Mr Hyde and he will be missed.
