“ *I've known Joe for almost 40 years. He was a friend, mentor and all around great person. I can say that I am a better person for knowing this man. He taught me so much when I worked with him as a young man in the early 80's. He was tough with me when he had to be but was a gentle caring man who took me under his wing and always had my back. I believe he was a positive influence on me and helped instill a good work ethic that I still carry today. Hard working, loyal and caring are just a few words I know that describe this man. Thank you, Joe, I will never forget you.*
