“ I miss you so much Kelli you and I were supposed to end up being neighbors somewhere setting our Front porch in a rocking chairs watching Abby, Philip, Tri and Summer grow up and Start their lives. Just so you know I talked to Abby quite often I am going to do everything I can to get down to see her and meet your grandbaby, wow you would've loved being a grandma. I hope you and Tri have found each other in heaven. Our birthday Kelli is not the same, I really miss our midnight phone calls on October 19, I wanted to see which one of us said happy birthday to the other one the fastest lol. It's still doesn't feel real but deep down I know it's true because my hearts been broken ever since.

I love I miss you so much, my best friend my sister my Phoebe and my birthday twin I'm so glad we had the time we had together. I'm really happy that we met because we share as Hell depended on each other in Oklahoma didn't we. I talk to all the time I hope you hear me.

“ I can't believe April will be three years I'm still in disbelief you weren't only my friend but you were my sister, I remember the night we found out that we have the same birthday sitting in the garage in Geronimo Oklahoma and from that moment we were forever connected. I miss you every day. Our birthdays never been the same I still miss our midnight conversations saying happy birthday to each other along with many many many late night conversations about life and missing each other when we were far apart. You will forever be in my heart I love you and miss you

“ Every time I got off work I came in to WaWa to order my lunch or dinner specifically from you, It was 10 minutes of peace & happiness while you served me & that I appreciated. You were the best employee in the store & it was obvious you did well training others. It hurt very much to hear that you passed away and I hope you are in a better place. You will be remembered & I will pay more attention to those nice strangers who pass by me & I will take the time to ask how they are really doing. rip Kelli.

So sad and shocked to hear of Kelli's passing. I only knew her from Wa Wa's but looked forward to going in when she was working. She was always so upbeat and laughing. Wasn't even sure of her name because I always called her "Giggles" or "Chuckles". I have no doubt this young lady will be missed by so many people. Wa Wa's just won't be the same. RIP and keep heaven laughing.

“ While I only had a few short phone conversations and online chats with the love of my Uncle Danny's life (Aunt Kellie), I can tell she was a treasure. I cannot imagine the loss those close to her must be feeling right now. I wish I could hug you all and console you with good news about life after this Earth. I pray that though she left first, you can all remember the good memories with her rather than pain of her leaving ahead of us. I know words cannot make you feel better, I wish there was more that I could do but I will continue to pray that we can all reunite as heavenly family after this life, sharing eternity with God and each other where there is no more death or mourning or crying or pain. I'm so sorry I cannot come to the services from Colorado but I will definitely be there in my heart. I love you so much Uncle Danny and Summer and Abbie and all the rest of those left to carry on her giant heart. I hope you all. Please do what you know she would've loved and what is pleasing to God. My name is Kandis (The niece in Colorado) If you want to call or text me for anything I can do to help from here at any hour of any day, I'm at 7203857476. God bless you all so much. I hope you can all try to have a nice day in light of your sorrow.
