“ *Larry was my childhood best friend. We had a great time growing up in the 60s in Sun Valley. You left us much too soon buddy. I'll see you again someday and we'll be kids again, playing with our GI Joes, Jimmy jets and having robot fights. Rest in peace.*

Larry was a great man and will always be missed.  
Larry, we'll have to take that next crabbing trip some other time of friend.

“ It has been my pleasure to work with Larry these last 5 years at Oceaneering. He was always walking around with a smile and great stories. It was nice to find we had many common life events. He always talked about his family and boating. He is missed by us and know he is missed by his family. Prayers to the family.

“ I first met Larry (his new boss) in October of 2015. He was extremely friendly, outgoing, and personable. He had a love for Quality and he was passionate about doing the right thing for the company. I thoroughly enjoyed working with him for 4 years. Larry knew he wasn't going to work for ever, but he loved the people, the company and the business. He didn't like the commute. He was also passionate about Crabbing, and he was going to take me out one evening this summer in a boat he also cherished. He spoke lovingly of his wife Sue, and his kids and grandkids. I suspect he was a great husband and father. The good lord took Larry way too early, and for that we are all very sad and disappointed that we will not get to spend more time with this great man. I pray for the family and those close friends who I am sure will deeply miss him. A boss could not ask for a better employee. Larry we will miss you.

“ To those of you who knew Larry, I send my warmest thanks for your thoughts about him. But Larry was also not only a happy and loveable man, he was also my sweet and joyful baby, full of exuberance and smiles and made me glad to wake each morning and be his dad and friend. He has now gone from his earthly trip through many deep valleys, but on to a joyful reunion with his mother where they will eternally embrace and live in memories.
