“ Kenny, I just recently heard of Laurie's passing. There are no words. While it has been many years since we've seen you, (Kenny was a baby!) you and Laurie passed thru my thoughts many times throughout the years. Laurie was a special soul and we always enjoyed spending time with you both. Cancer took Rick 15 months ago. The road ahead is long but blessings will abound in the most unusual places at the time when you least expect them. My thoughts and prayers will remain with you and your loved ones.

“ I'm so glad we were able to meet Laurie! She was a very special lady! We got to know her when Steve and I joined in on the KI cruise. Laurie had "thrown her back out" (we know now that was her first diagnosis) and was a fighter then. Carrying her pillow just about everywhere it didn't seem to get her down!

“ I was the first nurse to care for Laurie 9 years ago at Radiation center , she came to us in excruciating pain but she barely complained and showed so much bravery and dignity. ,I tried to hold her and let her know that everything will be okay.Little did I know then that she will be coming to my rescue 3 years later when I was diagnosed with breast cancer. The day of my surgery Laurie showed up at the hospital and brought me a beautiful pink blanket made by her Angels just before my surgery. She brought me to tears , That blanket stayed with me throughout my whole treatment and it still is with me every time I feel down . Thank you Laurie !!!you gave so much of yourself to others , I am lucky to have known you, rest in peace beautiful lady
Much love
