“ Our deepest regrets from BBO, Lee's bridge playing community. I knew something happened the night while he was playing online and then stopped. I had sent an IM to Sarah Clowser trying to check on him. We will miss him along with you. We're very sad for his passing. - Vickie Geer

ME

Lee was the first person to be kind to me on BBO, that was in 2016, when I first joined. He taught me so much and was so patient and kind. I am a nite owl and so was he, we played almost every night together. He was playing right to the very end and was totally cognizant. We have all lost a very wonderful kind gentleman. I never realized how good looking he was, he never did post a photo of himself. I and the BBO community will very much miss him. The memories are all good. May your family draw strength from that.

*I got to know Lee playing bridge on BBO late at night. He was so kind and such a gentleman. We don't know much about our BBO friends in their daily lives, but certain people stand out and that was Lee. He sounds like a wonderful man and human. I thank him for his years of service . I feel blessed to know him. Condolences to his family.

BO

Lee and I were classmates at Los Alamos High School, New Mexico. We then enrolled together at Colorado A&M (now Colorado State University). Lee, who his classmates nicknamed "Ace," was a superb athlete. He was a true friend who provided special support for me when I was struck by the polio virus, ending my own athletic attempts. I salute him for the friendship he provided to me, for his service to the nation, and for the strong family and community values he personified.
