“ I have no words for the loss of a great friend who was always there to help out any way he could at the center, from helping to decorate , clean & run to the store for us if we forgot something for one of our events. When we shut down a year ago due to Covid he called us everyday just to make sure we were doing ok and if we needed anything. We have many memories of Rick and we will remember the good times we had with him. So glad I got to see him & chat for awhile a few weeks ago. Here are a few pictures I found and wanted to share with his family & friends. We will miss him terribly but hopefully he can watch over us. Thoughts and prayers to his family to get thru the difficult days ahead.

“ To : My Uncle Leon AKA (RICK)

I can't believe your gone. So many memories I have of you living back the lane. You and Uncle James AKA (TIP) were my inspiration for going in the military back in 1984. I grew up watching you play softball, ride your Kawasaki motorcycle and jam out to all those funky hits of the seventies. I thought you were the coolest dude ever. Later in life although our family suffered many tragedies, every time I came in town you were always there to greet me. Just recently we talked about the good old days in Pondtown on the way to the VA hospital in Perryville Md and you and my wife Gwen talked and joked a lot on Facebook. You will be truly missed but never forgotten. RIP Uncle Rick! #GonetoSoon!
