

Dr. Malek Derakshani

July 3, 1933 - January 1, 2019

Dr. Malek Derakshani of Easton, MD died on January 1, 2019.

Born in Tehran, Iran in 1933, he was the son of the late Ali Akbar Derakshani and Neyer Azam Fakre.OL.Molook Derakshani. After graduating from school in Iran, Dr. Derakshani obtained his doctorate from the Sorbonne in Paris, during which time he met his future wife, Simone. He traveled to the US to obtain further training in Pediatrics, and in 1961, he and Simone were married. The Derakshanis' traveled back to Iran and Dr. Derakshani completed his military service, serving as a pediatrician to children living in remote areas. The couple returned to the United States and Dr. Derakshani worked in various positions before working at the hospital in Cambridge in 1969. The next year, he began working at the hospital in Easton. After a few years, Dr. Derakshani opened his private practice, and worked until his failing health prevented him from doing so. He was a devoted and caring physician, who worked with several generations of the Easton community.

He is survived by his beloved wife, Simone; his children: Philippe Derakshani of Easton, MD, Nathalie Derakshani (Kevin White) of Easton, MD, Pascale Bernasse (Pierre) of St. Michaels, MD and Claudine Derakshani (Kevin Knowles) of Ashburn, VA; grandchildren: Luc Bernasse, Nina Bernasse and Liam Knowles; and his siblings: Anush, Moni, Shidan and Bahman.

A visitation will be held from 12 PM – 1 PM on Monday, January 7, 2018 at Sts. Peter & Paul Catholic Church, 1210 S. Washington St., Easton. The funeral service will be held following the visitation at 1 PM at the church. Burial

will be at Woodlawn Memorial Park in Easton.

In lieu of flowers, memorial contributions may be made in his honor to the American Cancer Society, PO Box 22478, Oklahoma City, OK 73123.

“ The good doctor became our pediatrician when my son was born in April 1978. He became his GP clear up to the time that Dr. D said it was time to move on. A gentler doctor I have never known.. he, literally, kept my son alive. Dr. D.. U didn't know it, but J.K. Pryor has grown into a fine young man... Dr. D's family should be proud of him. I was so sorry to hear (tonight, 1/12/19) 9f his passing... Way to go, Doc!!

“ I was so sorry to hear about Dr. Derakshani passing away. He was the BEST doctor ever! He saved my life when I was an infant. My mother went to him for a 2nd opinion after I was diagnosed with having a VSD in my heart valve in the 70's. He never let me forget this when I would take my daughter to him and later my grandchildren. He will be missed.

“ I've never met a pediatrician like Dr. Derakshani. My son (and I) were fairly new patients to Dr. Derakshani. We were embraced with love and support, friendly, caring staff from our 1st appointment.

I was still praying for a miracle, not knowing that the illness had already overcome him. Please accept my apologies for missing the ceremony. The 'word' just didn't get to me until today. :(

Blessings, Peace, and Comfort to the Derakshani family. He will always be remembered for the love, gentleness, and kindness that he showed to others.

“ 48 years ago I was introduced to Dr. Derakshani. My daughter was very sick with pneumonia and whooping cough. He said she was very sick and needed to take medicine everyday but, before I left his office he said we're admitting her to the hospital. I thank God for him she could have died. All my girls were his patients and all are in the medical field. We were all sad to hear of his illness and now his death. The world has lost a wonderful man who gave so much to so many.

“ To the family of Dr. Derakshani, my sympathy goes out to you all. You father was a wonderful man and father you could tell that the way he acted towards his family and how he talked about all of you and was so proud of you. My heart goes out to all of you. That is a beautiful picture of him. See still smiling and I'm sure he still is today.

Dr. Derakshani took care of all 3 of my children. My children loved him. He was a wonderful doctor. He loved all the children he took care of and cared for their parents feeling also. I remember one time I took my 2 daughters to him because they had gotten the flu. As soon as I walked in the door he took one look at them both and said go to the hospital I am going to admit them they are dehydrated. I teared up. After that whenever they got sick he would always say don't cry mommy, you broke my heart when you cried. He took all three of my children who through alot of different things with illnesses. He always smiled and sometimes would tell me no charge today just a kiss from the kids, and would kiss them on the cheek. You could see he was truly a good, loving and caring doctor. We had many laughs as well as some scary times. He will be truly missed by his former patients and thier parents.

Just looking at this photograph of Dr. Derakshani made me smile. I remember he, Simone, Nathalie and Kevin coming to dance class. I taught them a few steps and Dr. D took off in a flurry, dancing to his own rhythm and steps and never missing a beat. We all laughed at his fierce independence and grandeur. I know that is just how he lived his life.....marching to his own beat and tonight flying with his own wings.....each feather representing a life he touched along the way. A beautiful soul !

“ My daughters are now in their 30s and he was their doctor and was also my doctor when I was a child. I never wanted to leave him. When I got to be 16 years old, he would ask me when I planned on going to a big girl doctor. I started taking my daughters to him and he would jokingly say "your mom can't be my girlfriend because she's too old." Love him and miss him. He was the best.

“ Oh, this breaks my heart. 💔 Dr. Derakhshani literally saved my son's life. He was the best pediatrician ever, and I would never take my children to anyone else. He was wise, brilliant, completely honest, dedicated, and also had a great sense-of-humor that put fretful parents at ease. Were it not for him diagnosing my infant son correctly, I would not have my 36-year-old boy today, who proved to be quite a challenge for Dr. D throughout the years. I'll forever be grateful to this amazing man and the wonderful care he gave all of my children and their Momma, too. To the Derakhshani family: You are all in my hearts. How blessed you were! My deepest condolences. 💕🙌🙌🙌🙌🙌

“ I remember being in the hospital with one of my girls. Dr. Derakhshani was not my children's doctor at this time. His patient shared a room with my daughter. I remember Dr. D being VERY concerned about his patient. He visited that patient several times a day even after hours stretching into the evening hours. That patient did eventually get better and was able to go home. That's the kind of doctor he was. He never gave up. What a doc he was. It wasn't that long after witnessing his conviction to his patient that he became my children's pediatrician. What a committed and dedicated loss to the medical profession and to HIS patients who resides or have resided in Talbot County. RIP Dr. Derakhshani, your JOB is completed but your memory reigns! Natalie and family I know your grief is great; time is the healer, trust God to help you with your pain.

“ Dr. Derakshani was truly the best doctor that I've ever had. I enjoyed going to his office because of his great personality, sense of humor, and sweet smile. I remember being upset when I had to leave his office because I was close to 18 and was becoming a young adult. He told me, "I'm just a baby doctor". When I would see him in Giant, I would speak to him and he would still have that same, sweet, and pleasant smile. My condolences to his family, he will be greatly missed.

We moved over Bay Bridge but I wouldn't change doctors for her although it's plenty over bridge. Dr. Derkashani has the touch for being and doing his career. My child didn't like needles but he was quick by time she knew he was finished. Will always remember him and his family. “ My sister and I were patients of Dr. Derakshani's from birth until Our early 20's. I knew that whenever I was sick that we would take care of us, not only was he a great doctor he was an all around great human being. I think most of my childhood friends were patients, I can remember being 16 and driving myself to Dutchman's lane and feeling awkward being in the office with toddlers, but on thing we all had in common was we received the best care under Dr. Derakshani. He will be missed his legacy will live on. To Mrs. Derakshani and Natalie my prayers are with you.

“ Dr. Malik Derakshani, was the best pediatrician a parent could ever ask for. He was in tune with the babes. He would know when they were sick before us parents knew and would act upon it accordingly. He was a fun, loving and caring person and not only was he my children's pediatrician, but he was my pediatrician as well. Even when I would take the kids in for appts and check-ups he would still offer advice in reference to my health. There will never be another pediatrician with as much heart, soul and charisma as him. Im so glad that my kids are older and obviously my birthing days are over, because I wouldn't be satisfied with any other pediatrician. Rip Doc!! You will be missed by many and thanks for taking such great care and loving not only me and my children but the 1000's that you have nurtured. We love you and you will always be in our memories and heart💛🥺🥺
