

Margaret Teresa "Teri" Batchelor

September 9, 1956 - July 14, 2020

Margaret Teresa "Teri" Batchelor of Chestertown, MD, passed away surrounded by her family on July 14, 2020. She was 63.

She was a 1974 graduate of Kent County High School and a 1978 graduate of West Virginia University with a Bachelor's of Science degree in Forestry. She married Ted Batchelor on February 21, 1981, and they completed their home in Fairlee, MD, in 1986.

Teri was a pioneer in her industry as one of the first women in the MD Forestry Service. She worked briefly with the State of Virginia Department of Forestry then transferred to Maryland where she worked as Project Manager and Forester for the next 41 years. She loved her work and if it were not for her illness, she would still be with the Forestry Service. In June, she was selected to become a Society of American Foresters Fellow, the highest honor bestowed by her professional organization. She is the first woman in MD to receive this honor. She was active with the West Virginia Forestry Alumni Association. She was involved with several Eastern Shore counties with the Arbor Day project, owned Bakers Lane Christmas Tree Farm with her husband, and enjoyed traveling, quilting, scrapbooking, and antiquing.

In addition to her husband, she is survived by her son, Clay T. Batchelor (Lauren) and their sons, Lucas T. and Elijah J. all of Buffalo, NY; along with

her sister, Deborah A. Radke of Timonium, MD.

Funeral services will be held on Monday, July 20, at 1 p.m. at Fellows, Helfenbein, and Newnam Funeral Home, 130 Speer Road, Chestertown, where relatives and friends may call from 11 a.m. -1 p.m. The funeral service will be live-streamed. Interment will be held in St. Paul's Cemetery.

In lieu of flowers, contributions may be made to Pancreatic Cancer Action Network, www.pancan.org.

Teri was a great lady and loved by so many. Known her for quite sometime and did not know she had been sick. She would always come and get chicken bbque dinners at the Centreville United Methodist Church. So friendly and always had time to chat. Our prayers and blessings are with the family at this time. God Bless, Gene and Lynda Palmatary, Centreville.

“ I am so sad to learn of Teri's passing and offer sincere condolences and hopes for peace for Teri's family and many friends. She was one of the most upbeat people I've known. Cheerful, down to earth, professional, and so much more. I love the picture of her and Smoky the Bear in the tributes.

“ I am so sorry to hear of Teri's passing ... had to read the SAF email twice. We had been friends since our college days @ WVU. And even though she come back to Maryland and I returned to Delaware, she was always there to share advice, knowledge, support and her friendship - whenever our paths happened to cross. The love she gave to the forestry profession in Maryland will never go unnoticed. Her passion will continue in those she touched and enlightened. God Bless you Teri! May prayers of comfort surround your family and friends. (Dot Abbott)

“ I am shocked and heart broken to hear this news! Heaven has gained a most special angel!

Teri & Ted were customers at Stevensville Antiques for many years. Teri was one of the kindest and most congenial individuals that I have ever had the pleasure of meeting. She always gracious as I picked her brain about anything tree related. She loved showing me pictures of her son, daughter-in-law and grand baby - Wedding, Showers, New Arrival. One of her happiest days was when her son & family relocated closer. She will be sorely missed by so many. Sorry that I missed the service as I just moments ago saw this. Ted, my heart goes out to you and your family.

“ As a Master Gardener and property owner in Queen Anne's County, I came to know Teri as she educated people about trees and forests, and advised me on managing my forested land. She was a wonderful person, patient and kind, and so very dedicated and knowledgeable. A great loss to the community. My condolences to her family on this loss, too young.

“ I always loved working with Teri. I am especially proud of the huge reforestation project we were able to do at Sassafras Natural,Resource Management Area when I was a planner with the Kent County Planning Office. I remember many Arbor Days with her giving awards to the children for their billboard designs. I remember when she had Clay. I'm am so sorry for your lose.

“ I got to know Teri after I retired from the US Foreign Service and moved to Chestertown. After retirement, I prepared a number of Urban Forest Management Plans for Chestertown, Betterton, Rock Hall and Millington under the auspices of the Washington College Center for Environment and Society, and Teri provided technical input and professional insight for the preparation of all four Management Plans. She was passionate about all aspects of forestry and forest management in Kent County and the Eastern Shore. She was a true professional, and I consider it a privilege to have known and worked with her.
My sincere condolences to her family.

“ I have known Teri since I started with UM Extension in 1988 and worked with her on the Tree Farm Committee, SAF, and in other capacities. Teri loved what she did and it was clearly demonstrated by her actions. Her contributions over the years are many and our forests, landowners, and other professionals better off due to her commitment. Her love of her profession and desire to share it with others really came out when she taught landowners. In 2008 & 2009 she taught forest management to the Maryland Woodland Steward Volunteers at the annual 3.5 day training on the shore. Attached are a few pictures I took at the trainings, mostly because I was captivated by her expressive manner and obvious desire to share what she knew. Pancreatic cancer does not leave much time to say goodbye and I know she is in a better place.

“ I am saddened to hear about Teri's passing. I met Teri as a kid in high school but after moving on to western Maryland for college and my career, lost touch. She was a mentor to this rough and tumble kid, during an important time of future decisions in my life. I got into the field of natural resources in part because of her guidance. Prayers for peace and solace to Teri's family and friends.

“ I will miss seeing Teri at Forestry Board and SAF meetings. She was truly the real deal. As far as I know she was one of the first full time female foresters hired by the Maryland Forst Service (1970s). I think of her as a pioneering forester. When we were together we would talk about guitar playing. She was a fan of the song, "Smokey the Bear." Would love to plant a memorial tree in her honor, perhaps a Heritage/Legacy "Liberty Tree." “ I am very sorry to hear about your loss of Teri. I had the pleasure to work with Teri in the MD Forest Service for 25 years before I left to join the US Fish and Wildlife Service in 2011. Teri was the consummate professional forester, working in a field and organization where she was one of the very few female managers. She excelled and her Kent and Queen Annes County project office was always considered one of the best run field offices and a best example of serving the private landowners, schools, forestry boards, local fire departments and community they were charged to serve. Teri will always be thought of highly by her colleagues. My thoughts and prayers are with your family.

“ My deepest condolences to the Batchelor family. Teri was the consummate professional forester and was encouragement to everyone who crossed her path. We came to the MD Forest Service about the same time. While I was in the western portion of the state and she was in the east, we shared numerous training sessions at Pax River, Ft. Detrick, and a host of other locations. I am confident that God is still creating new forests in His kingdom and that he had a special one he created just for Teri to nurture and manage for His glory.

I am so sad to hear of Teri's passing. We met, over 25 years ago, when I worked at The Finishing Touch. She would come in every year to mount the winners of the Arbor Day Art contest.

Then, when I was a cub scout leader, she was so kind to donate her time to help my young cub scouts earn their forestry badges. Since that first meeting, until the last time I saw her, I don't ever remember a time when she didn't have smile on her face.

Her enthusiasm was contagious and she was so generous with her time and wisdom...

What a tremendous loss for you and your family. She was such a gem. Sending my deepest condolences.

May the precious memories of Teri be a comfort to you now, and may it help to know that many thoughts and prayers are with you in your time of sorrow. I was blessed to have known and worked with Teri for nearly 40 years. She was one of the most hard working, dedicated and passionate Forester to work for the Forest Service. She was always willing to help and train new Foresters and Rangers and was always there to support the Forestry Boards. “ It was with great sadness that I heard of Teri's passing today. I worked with Teri for over 30 years and I can testify she was one of the most dedicated foresters I knew. I fondly remember the time just a few years ago she asked me to do the Tree Farm inspection on her property and how much she enjoyed showing me the farm and the work that she and Ted had accomplished. Teri was also very much involved with with the Society of American Foresters and served in various positions with the local Maryland/Delaware Chapter. The thousands of trees she planted over the span of her career will be a living testimony to her life as a forester.

Teri was such a sweet person with a genuine smile and a true interest in people. Such a dedicated forester and love for her family.. to them I send out prayers and may the precious memories ease your loss. We will miss her so much. With sympathy, Len and Marikay Wrabel
