“ Our thoughts and prayers are going out to the family of Mrs. Peggy.  
May you all rest in the knowledge that your mother, grandmother and friend is now free from the struggles of this life and was truly blessed and comforted by all of your love and the time that you shared with her while she was battling the most difficult time of her too short life. The time spent and the love shared was truly a blessing to her. Now is a time of mourning and remembering. As time passes may the sorrow of her passing fade and the memories of your time together as a family become more comforting. One day, as you are looking out on the beauty of God's creation, a memory of Peggy will cross your mind and you will begin to smile and realize that Peggy has only gone from your sight not your heart.
