“ *John and family- Marge added so much to so many lives and I'm glad to have been able to experience a part of her everyday joy! Sorry that we weren't closer the last of her years but I know being nearer her family was her ultimate happiness. May the Lord watch over you all and give you peace. Kathy and Dick Weaver*

“ I, John Bradley Heck, had the distinct honor of being her youngest son. I could have never beseeched God for a better mother. As she and I had the same sense of humor, I believe we shared the same brand of optimism !

I don't believe that I thought of her as my mother. I think you could characterize our relationship as merely friends. We would talk everyday and Lord knows, we are both known for being loquacious ! She was a great listener, however, it was her gentle logic that would guide me !

The hallow space where once lived a big part of my heart and yet, I should very much like to state what a sublime pleasure and honor it was to have her in my life as long as she was able to be here on earth ! How fortunate I, and others, have been for filling our hearts with her comely Love.

Oh Brad. My heart aches. Every word you wrote is so true. She was amazing and I'll never forget that beautiful face and the stories she told of her family that she just adored. We have all been blessed just knowing her. Please know you and all the rest of your family are in my prayers.

John and Family

I had the privilege of meeting John and Marge 20 years ago when they moved to Easton. What a great couple. Marge was one of the sweetest and most kindly lady's I've ever met. She loved to talk about Baltimore and her family. I got to know each of you from her proud stories. The thing that always impressed me was how she took each of her physical challenges in stride. She was a very tough lady and never complained about the hand life dealt her. I know you feel her loss but be proud because she left the world a better place. She'll be missed by all of her friends in Easton! Bill Wieland

My Mom and Dad were high school sweethearts, married for 60 years, moved 13 times all over the country and some overseas, and eventually settled down on the Eastern Shore in the summer, Amelia Island in the winter. My Dad was very much an unselfish person, spent his post AT&T career donating his time to troubled kids through many involvements that include the CASA Organization. My Dad was the #2 Exec under the former AT&T CEO Bob Allen before retiring a few years back. He ran the International AT&T operation for a few years, traveling all over the world, in many cases with my Mom. My Mom loved to travel, and loved to travel with my Dad.

My Mom loved her blue-claw crabs from the Chesapeake Bay, her Grandchildren, ESPN's Mike & Mike in the morning, Talbots, her dog Mo, The Crab Claw, her lladro collection, Barbara Streisand, Krispy Kreme donuts with the chocolate icing and white icing filling, knitting, her homemade crab soup, Old Bay Seasoning, Spanky's Chili, the Chesapeake Landing Restaurant, her grand piano, making people laugh, The Crab Shack, Ben & Jerry's cherry garcia ice cream, and most importantly anyone who doesn't complain.

My Mom succumbed to her long battle with cancer on March 18, 2018 at their Eastern Shore home, hand-in-hand with her high school sweetheart. My Mom's wish was to have a Celebration of Life, set for April 28, 2018 at the Ritz Carlton in Amelia Island. My Mom was truly blessed, once the fighter, always the fighter who goes out on top.
