“ I am so sad to hear of the loss of your mom, it has been many years that we have been out of touch...but I will never forget what your family especially "mom" did for me during a time which I can look back on now and know I was lost and who knows what could of happened if I wasn't accepted into the DiFabrizio's family. I have many memories of the whole family - I send you all my love and deepest sympathy on the loss of a piece of your hearts. I know her by no other than mom, she loved her family thick and thin, she was there no matter what. She is now your angel lookin' out for you all just as she did while she was here on earth. Much Love, Debbie (Buck) Hagens###imported-begin##Debbie###imported-end##

“ I have many wonderful memories...Peggy and I shared many fun days together, especially when we worked together--she could always make me laugh! She was always willing to lend a hand...she always insisted on helping, as it was never a chore to her. Being helpful and involved with people just came natural to her. Cousin Peggy was always there to offer advice and encouragement...she could always seem to help you through tough times with her wonderful sense of humor--or if need be, her sarcasm. She loved her family and she was a great friend and cousin. She had a "heart of gold". Peggy is safe now and she is another one of our angels...watching over her loved ones here on earth. She will always be missed.

*With love and sympathy to all of her family!*

“ I remember with tears and a great smile the footprints left behind of a woman who touched my life in ways I can not express. From a small boy on Evergreen Drive playing with Nella, Ro & Frank to high school driving all of us from game to game to watch Frank play football, Peggy never missing a ride to show her son she cared, to many a summer working in the restaurant. I always looked forward to going knowing who would be there, going out as we got older with Nella, Ro and Nick, summers in the pool, winters at Christmas and always an open door at any hour when I needed to get away from the strain of my own family without ever a question just a place to sleep and very rowdy bunch to wake up to every morning. If for no other reason I can think God always us to have a mind for the purpose of remembering the joy, the pain, the love and the family that we gained when someone so strong walks this Earth then leaves us. Memories are our ability to let those who come after she has gone to know how great she was what rules she taught us that carry through or daily lives and that the magnificence that beautiful person offered anyone and everyone she meet. Peggy is now and will be truly missed for all her graces.

With love and tears,
