“ MS.Judy and family...I have very fond memories of Brad and my dad working on my car for my graduation present. He loved to tease me and give me grief when I came back to visit...but he would give you the shirt off his back...loved listening to his stories of dad and him at Elliott's. He and dad enjoyed playing golf when they retired. It won't be the same when I visit now but he will always be remembered .

Prayers to all of you!

“ Ms Judy and Family, I am very sorry to here of Brads passing. I have lots of good memories of Brad. When i was growing up he was always there if i needed help with something. We had alot of fun working on my car and Donalds car with my Dad and Brad! When I got older he was still there to help steer me in the rite direction. I always loved stopping by the shop when I got off work to listen to the stories. He was the kind of person that was a little ruff around the edges but had a heart of gold! I will miss him very much and will never forget him! Like i said I have lots of great memories and stories with him that i will never forget!

“ *Miss Judy, Jenny and Bruce, I was so sorry to hear about your husband/dad. I remember visiting my mom and seeing the rising lawn mower go by with the grand kids in his lap. Jack would talk all of the time about how much he loved spending time with his grand kids. He had a loving heart and was a great man, a strong force in what is left of the original Clearview crew. My heart is with you all during this time. ❤️*
