August 13, 1942 - December 31, 2015

Matthew Joseph Schatzman of Chester, MD, died at his home Thursday, December 31, 2015. He was 73.

Born in Philadelphia, PA, on August 13, 1942, he was the son of the late William and Katherine Wilson Schatzman.

Matt grew up in Philadelphia. He graduated from West Catholic High School and attended Penn State University. He proudly served two years in the US Navy as an engine room mechanic on the Navy destroyer, USS Lloyd Thomas.

Matt enjoyed golfing, travel, wood and mechanical work. He was an avid photographer and was proud to decorate his home with many of his unique, slice-of-life photographs. He was also proud Philadelphia sports fan and took great pride in coaching PeeWee football and baseball when his son was active in youth league sports.

He truly loved his career. His love of travel, meeting new people, and solving complex mechanical problems enabled him to excel as a manufacturers representative & salesman in the field of safety and relief valves.

His retirement afforded him the opportunity to return to another love, the

Chesapeake Bay. He resided on the boat of his dreams after his retirement.
