

Dr. Michael G. Judd

August 4, 1971 - July 30, 2014

Dr. Michael Gordon Judd passed away at his home in Easton on Wednesday, July 30, 2014. He was 42 years old. Born in Houston, Texas on August 4, 1971 Dr. Judd spent his early childhood in Houston and Wellesley, Massachusetts. His later childhood and teenage years were spent in Baltimore. After completing medical school and residency he resided in Easton with his wife and three children for 12 years.

He was educated at the Gilman School in Baltimore; Skidmore College in Saratoga Springs, New York; Ross University School of Medicine in Edison, New Jersey; and the University of Wisconsin in Madison. He was a Diplomat of the American College of Obstetrics and Gynecology as well as a Fellow of The American Congress of Obstetricians and Gynecologists. He had additional training and expertise in pelvic ultrasound and robotic assisted pelvic surgery. He was the founding partner of Chesapeake Women's Health in Easton & Cambridge. He also was formerly the chairman of the Department of Obstetrics and Gynecology at The Memorial Hospital in Easton as well the Medical Director of the hospital's birthing center.

Dr. Judd enjoyed many activities such as jogging, tennis, skiing, camping, carpentry, being at the beach and had a love for boating on the Chesapeake. He planned many vacations and adventures for his family because most of all he treasured the time he had with them.

He is survived by his wife of 18 years, Jill; and their three children, Tyler, Lily and Emma Rose. He is also survived by his mother, Ms. Lenna Gordon; his sister, Valerie Carlton; his father, Dr. Kenneth Judd; and his stepmother, Mildred Judd of Easton.

Michael was a kind, thoughtful, generous and skilled physician and surgeon who cared deeply for the welfare of his patients. He had an incredible bedside manner that allowed him to connect with his patients with an unusual amount of compassion. He was an amazing loving husband, father, brother, son and friend to all that knew him. He was loved by many and will be deeply missed.

A Celebration of Life service honoring Michael will be held on August 19, 2014 at 5:30 pm at the point at Tred Avon Yacht Club in Oxford.

Memorial donations may be made to The Michael Gordon Judd M.D. Memorial Scholarship Fund. This fund will be awarded yearly to a deserving student pursuing a career in medicine. Please send donations to Wye Financial & Trust c/o Elizabeth Spurry (Elizabeth.spurry@wyetrust.com) 16 N. Washington Street Easton, MD 21601.

“ I only saw Dr. Judd one time but I was impressed with his candor and his concern that I be treated well at his practice. He was clearly invested in the good health of his patients. I am traveling and only learned of this today but wanted to comment as I know that his family has suffered a devastating loss and is in pain. Having experienced similar loss and pain in my own extended family, I would like to say that my thoughts and prayers are with you and time will help you heal.

Madi - August 26, 2014 at 05:28 PM

TE

“ I've respected Dr. Judd for many years both as a great doctor and as a good man. He delivered our two boys and he was gracious and professional to my wife and me throughout the entire process of the pregnancy. He was extremely knowledgeable, and his compassion showed by his caring about the personal lives of his patients and their families. I had the pleasure of having numerous enjoyable conversations with him as we ran into each other around town over the years. His love for his family and his appreciation of the many families he's positively impacted was clearly evident. My heart breaks due to his passing, which will be a great loss for the community. His family will continue to be in our prayers.

Todd Ensminger - August 19, 2014 at 10:17 PM

JM

“ Dr. Judd was an amazing doctor. He was my doctor though out my entire pregnancy.He was the nicest doctor i meant out of the 5 or so that i interviewed. My husband and i felt very blessed to have him as our doctor. He delivered my daughter on December 24th 2012 via caesarean and I was so nervous because I have never broken or sprained anything, nor have I ever had to have any kind of surgery. He talked me through the whole process and was very caring. We were looking forward to him delivering all of my children, he will be greatly missed. I will keep his family in my prayers. Sending love, Josie, Brandon, and Annalise.

josie mauk - August 19, 2014 at 03:06 PM

“ Dr. Judd helped bring two of the most important people into our lives, Haley and Sarah. He always welcomed you with a smile and his personable demeanor. He will be sorely missed throughout the area by everyone who has had the pleasure of meeting him as a professional or has got to know him on a personal level. Our thoughts and prays are with you and your family.

“ Mike,

the last we talked I received the utmost positive news id ever received in my life and it was all thanks to you. our journey together was like life, shitty but so much light at the end of the tunnel..and I looked forward to everyday I saw you. not many people can say that about their dr. the one person I ever felt the deepest yet most distant connection to is gone and u will be sorely missed. i wish u peace and your family happiness and healing. as we last left it "good luck with your garden!". the world (or just the eastern shore that u called home__same difference!) knows the depth of your character and for that, we love you. I still see your car at riseup.

much much love, julie carroll

“ Dear Jill, Most of my memories of you are as a baby on Dewey Beach (such wonderful memories), although I do remember one time you and your mom visiting our home in Wellesley when you were a teenager. When my mother told me about Michael, it brought me such sadness. I hope it will bring you comfort knowing thoughts of peace, light and love are being sent your way. I did not know Michael, but clearly he touched many people's lives in a remarkable way. Much love to you and your family at this very tragic and difficult time.

“ Back in June of 2011, Dr. Judd was there with my husband and I when I suddenly miscarried our little boy right in the office. He was consoling and empathetic, allowing us to hold him and grieve for as long we needed. At the follow up visit, he just put his arms around us and wept with us. Makes me cry just thinking about that day. He said to us, "You two didn't deserve this". We spoke of Heaven and the hope we have of seeing our little boy again. Though it was already one on the list, we felt it very fitting for his to be Judson. A few weeks later, I needed to have an emergency surgery. Dr. Judd sent me from the office to the hospital and met us in the OR right after work. As I was going under, I remember asking him how he chose this profession. He laughed and said that he thought it would impress this beautiful girl he'd met named, Jill. Such a sweet man. We were deeply saddened when we learned of the news. Our hearts go out to you, Jill, and the kids. Please know you are in our prayers.

“ The words 'compassion, kind, sincere, genuine, personable, friend, amazing doctor and great smile' are used over and over on this tribute wall because that's exactly what Dr. Judd was and more. As a patient of his for years, I am truly saddened for such a great man to leave this earth so soon. I actually looked forward to his office visits because not only was he a great, compassionate doctor, but such a kind hearted man. He treated you as if he'd known you forever and as if you spoke everyday, gave you every minute you needed, and talked to you as a friend not just a patient. I'll never forget the oddest conversations we would have during our visits that had me laughing on my way out the door or that incredible smile of his! I am very grateful to have known him as my doctor and he will truly be missed by all!
My deepest condolences and prayers to his family, co-workers, employees and patients.

Jenn - August 05, 2014 at 11:20 AM

“ DEBBIE CORREA lit a candle in memory of Dr. Michael G. Judd

DEBBIE CORREA - August 05, 2014 at 06:01 AM

“ Dr. Judd was my doctor for 11 years. He delivered the greatest gifts of all to me, my two children. I had complications during my first delivery and Dr. Judd saved my son's life as well as my life. I was a little nervous during my second pregnancy but Dr. Judd assured that he would make sure everything went smoothly. He did.

We shared many laughs, smiles, and stories. He had a phenomenal memory because every time I had an appointment, he would always remember where our last conversation ended. During our last conversation in May of this year, Dr. Judd told me that I would probably see his son at EHS this coming year. I asked him his son's name and he responded "Tyler". I plan to look out for his son the same way he looked out for the well-being of my sons.

It breaks my heart to know that I won't be able to see his smile, share a good laugh or story or have him as a gynecologist. He was the best by far. Dr. Michael G. Judd was more than my OB/GYN. He was also a great friend and he will truly be missed. May God be with his family.

Sharlene Peterson - August 04, 2014 at 11:44 PM

DEBBIE CHAMBERS - August 04, 2014 at 05:29 PM

MA

“ Our deepest condolences to the Judd family. Dr. Judd has been my doctor for the last three years. I found him through recommendations. My husband and I were trying for another baby. My tubes were tied. Dr. Judd not only allowed me to have more children he was the most personable doctor I have ever met. My baby had a problem with one of his organs and Dr. Judd went above and beyond to research himself in regards to help us understand what we needed to do and be prepared for. My husband and I never felt misguided or misunderstood. We always knew exactly what was going on and he gave it to us straight and we respected him so much for that. I had found a doctor for life and have a lot of respect for that man and his practice. I traveled an hour and half just to see him and it was worth it because of him we have a new life that we enjoy every day. There is not much time that goes by that we don't speak of him and thank god for leading us to him for helping us. I only wish now we let him know sooner how much we appreciated him. Our prayers are with his family and many others that are sadden by this tragedy. He is a genuine and truly good man, we have so much to thank him for. Love the Bly family.

Mary - August 04, 2014 at 01:32 PM

“ *I not only knew Dr Judd as being my doctor, but I also knew him thru my paving business and by me working at the hospital answering the phones. He was always polite and very friendly - whether it be in his office, out in public, walking the halls at the hospital, or calling him at 11:00 pm for one of his patients. He also saved my life by performing "emergency surgery" on me in the middle of the night several years ago. I pray the Lord will be with his wife, Jill, and their beautiful children, as well as the rest of their family, friends, colleagues, and the community. I pray for peace and comfort for each person that Dr. Judd touched their lives.*

Lynn Crouch - July 31, 2014 at 05:41 PM

LC

Dr Judd came to us a young man full of ideas and plans to improve obstetrical services to this area. He branched off into his own practice and built that practice expanding services offered in the office, offering a diverse practice of doctors and midwives, and created a satellite office in Cambridge. He accomplished many of his plans and dreamed of more. His family should be proud of what he accomplished in such a short time.
