“ Dad-

I remember when you would pick us kids up when we used to live in the white house and the green one on Kent Island. I used to look forward to seeing you at Christmas at Uncle Grason's house. You got me this telescope that I loved so much. I used to look at the stars through it and thought that my father bought this for me. It made me think about how grateful I was to be able to see my Dad. You even used to get my little brother Ryan things too. He always appreciated it.

I am so happy to hear what everyone has said about you and the life you carried. I wish so much that I had more time to spend with you. From everything I have seen and heard, my plans on reuniting with you were not unfounded. The sadness of your passing has brought an emptiness in my heart, that I will never be able share. I am sad that you are gone, and I will always miss you. I just wish I had more time with you. Shelly, Mike, and myself, are here because you helped bring us into this world, and I am grateful to you that I have such a great Brother and Sister.

So Dad, I hope you had a good life while you were here, and hope that you will have a peaceful transition. My wife Kristin, and I, will miss you greatly. May you rest peace, Dad.##imported-begin##Casey ##imported-end##

“ Mike, I am so grateful to you for bringing Casey into this world. I see from what others have written how your talents live on in him. This tragedy makes us realize how short life is. I wish, more than you know, you were still here. May you rest in peace.##imported-begin##Kristin##imported-end##

“ So very sorry to hear about Mike's passing. My late husband and I went to elementary school with him and always found Mike to be one of the nicest, most caring people we knew. It had been many years since I had seen him, but Mike and Mary Rae came to the visitation at the funeral home when David passed away in June. I will never forget what he said to me and will hold these words close to my heart. Mary Rae, please know that you are in my thoughts and prayers.###imported-begin##Deborah Thompson Whitby###imported-end##

“ It is difficult to be so far away from family in painful times like these. Themo and I, and the boys send our love to all of you. I have so many precious memories of Uncle Mike, especially those from the time when we were blessed to have him live with us . I will always remember those big blue caring eyes and that grin that would come upon his face when he was about to tease me. Uncle Mike was my Godfather, and God placed him in my life at a distinct time I needed him. I feel so honored and blessed to have in my home here in Florida, a treasured heirloom table made by his skillful hands. I remember as he was working on this table, he asked if I wanted to help him sand one of the benches. I was just a child and when he asked me to help him I felt so important. We talked and sanded for hours. That time with him was so special , I will carry it in my heart always. Each time our family sits down to a meal , I think of Uncle Mike. I have a tangible piece to remember his masterful skill in woodworking and most of all the gift he was to me and those who knew him. My heart is near to you in the loss of Uncle Mike. May God give you strength in this time.##imported-begin##April Patriotis##imported-end##
