“ I remember Mr. Bucky from our days at Recreation and Parks! He used to fuss and fuss about how people misued the soda machines in our parks. I would always remind him to look at it as job security- if we did not have to go around and fix what people broke or missued (on purpose), there would be no need for us. He was a great guy and I was very fond of him. He made me chuckle! My thoughts and prayers are with his family during this difficult time.
