*Sally and Fletcher,
Nancy was a dear friend to me. She was there through everything. She took notes when the doctor said I had breast cancer and did all the care for me while recovering. We shared many times together laughing and crying. She was always talking about how proud she was of her nephews and sharing their successes with me. She loved you and Fletcher dearly, as you know. She was so giving, caring, intelligent and humorous in her own way. I will miss her, but she will forever be in my heart.
With much love, Shari Todd*
