“ Dennis, I am so sorry to hear of your wife's death. I wish I had known her, as she seemed to be such an interesting woman. I know this is a very sad time for you, but hope you find much comfort in having cared for her for such a long time. It was ironic to hear that she grew up in Monkton, as we live near there in Jarrettsville. Also, our grandchildren both graduated from Hereford High and one was involved in riding and showing for many years. Perhaps our paths had crossed at some point. I wish you peace and comfort as you go forward with your life.

“ Dear Denny,
We are so sorry for the loss of your dear Bonney. Before she got this terrible disease, I am sure you both had a wonderful life together. Bonney was a complex person and loaded with many talents. We are thankful that she had you in her life. Please contact us if you come to Monkton. Our deepest sympathy.

“ Oh, Dennis. I remember Bonny from GBMC, as well as you. I am sorry to hear about her dying. You certainly had a long time together. I know we are all getting old, and death is around the corner, but it is always a shock when someone I know finally leaves us. Please know I wish you peace and beautiful memories of your time together. I'm not familiar with the disease she had, but the last years were probably rough. Just remember her in the better times. I'm not religious, so I'm not able to be comforted with religion, but I do hold my lost family in my heart. "Grief is the sign of a life well-loved."
