“ *My Uncle Paul will surely be missed. He loved his family and loved to garden and cook. Even when he did not feel good he would be out in that garden tending to it. I have so many great memories of him and one memory I have that I still chuckle about because my son brings it up all the time and that was when the squirrels were "messaging" with his garden and stealing the birdseed from the bird feeders. Those squirrels and rabbits would just give him a time. I remember the many, many visits we made when I was young to have home made pizzas.*

The canning, pruning and pickling stories that my Mom would share when she came back to Florida and shared were hysterical. The "green thumb" you had, the cooking that you did and the home made pies were to die for. The love and concern you always had towards me will never be forgotten. You truly will be missed and I want you to rest now and please give Aunt Marie, Grandma, Pop-Pop and Jeanette a big kiss and hug from me. I love you and will miss you a lot.
