

Peter Wood

December 20, 1997 - August 9, 2020

Earle Bateman Wood IV, 22, of Easton, MD, passed away in his sleep from complications due to Prader-Willi Syndrome on Sunday August 9th, 2020.

He was a kindhearted soul who forged a fantastic life all while combatting challenges no one should face.

He is survived by his loving parents, Susan M. Firth (Susie) and Earle B. Wood III (Roo).

The Chesapeake Bay - its rivers, beaches, and forests - was his playground growing up. He loved its people and was a "Shoreman" at his core. He could pick a crab with the best, bait a hook, and patiently wait for a bite. He loved to scour the beaches, fields, and marshes for riches. His collections are all but legendary, as was the man. Granted, his "inquisitive" nature had a lot to do with it. If you knew Peter, you know what I mean. A most fitting tribute to him came from a friend who said, "I don't know what comes next for Peter, but I hope it has arrowheads."

Likewise, he enjoyed being a guest in the company of his greatly respected fireman, military personnel, and all who serve. We could all learn a thing or two from him. He gathered patches, memorabilia, and uniforms from all over. He had a knack for remembering and reciting the stories he was told by these

heroes. Items would show up at our doorstep with thank-you notes to him for not only reaching out, but for also reaching in. He was as real as it gets.

Peter was a year-round fan of Christmas, planning for next year's holiday on December 26th. He was also a fierce UNO competitor - just ask his mom. Peter was immensely proud to graduate from Easton High School, and of his part-time job at the library. The caring of these mentors and teachers will always be remembered. They reaffirmed, "never give up." In turn Peter became a teacher in his own right. He constantly taught his family and friends what was important; he steered true.

Peter also loved to be one of the boys, to belong. He cherished being in the ELKS as a member of Easton #1622 and an associate of Cambridge #1272; their principles of Brotherly Love, Justice, Charity, and Fidelity spoke to Peter and should resonate with us all.

Raising any child is different for each parent and family. I don't think that you can love them too much. It is an experience full of rewards; "just take your cookies when they're passed."

Be well our sweet son. May your dreams come true, and your life everlasting filled with love. Thank you for being you.

Peter was beloved by all of his relatives. He is predeceased by his maternal grandparents, Georgianna H. Firth and Rogers Firth (Mike), as well as his paternal grandmother Karen J. Wood. Peter is survived by his sister, Caroline M. Wood, his paternal grandfather, Earle B. Wood, Jr. (Bud), along with numerous aunts, uncles, and cousins. Our family honors the lifelong commitment made by his loving angel, Susie Greene, without whom his life would not have been complete.

Services and Celebration for Peter will take place outdoors on Saturday August 22, 2020, at 11 a.m., waters edge, B.P.O. ELKS Lodge #1272, Cambridge, MD. Burial will be private. ALL COVID-19 precautions will be observed; please wear a mask when appropriate, dress casual, bring a lawn chair, and feel welcome. A box lunch and refreshments will be served at the conclusion. If traveling from Easton (East Bound Ocean Gateway) the lodge is located app. 1.5 miles past Walmart, on the LEFT. You may wish to continue to the RT 16 intersection and U-turn at the light. A large electric sign marks the entrance to 5464 Elks Lodge Road, Cambridge, MD 21613.

Internment for Peter will be private.

Contributions in honor of Peter, at your discretion, may be made to the Prader-Willi Syndrome Association (www.pwsausa.org), Positive Strides Therapeutic Riding Center (www.positivestridescenter.org), or your cause of choice.

“ *Peter Wood was an exceptional young man. He spent time showing us his arrowheads, always asked if we had been fishing lately, and wanted to know how dog was. It didn't matter which dog, he always asked about the latest one. We had the pleasure of spending a weekend with him and Roo on Smith Island. We are sorry for your family who is grieving, but they have many good memories to help. RIP Peter.*

“ *Our prayers are with you at this time. Peter was in my first grade classroom and was always very curious. He would watch the door for a certain little girl to come in from the bus every morning and would excitedly state that she she was here and then settle for the day. He was very nice and will be missed by all who had the pleasure of knowing him.*

How well I remember when he was born...Phyllis, Artie and I celebrated big time. When I would see him through the years, His never ending smile and curiosity were always welcome...and boy, he was charming! Now he's up with Phyllis and Artie telling them what they've missed...

My sympathy to all the family and may your wonderful memories help you all through this sad time.

“ *ROO SUSIE BUD,
Peter was a true blessing to everyone he came into contact with. He always had a smile and a good laugh!! He was fascinated by the patches I got for him. He will be greatly missed by me that's for sure. I will miss the get togethers with him at the Elks or where he was able to meet. I always tried to have a patch in pocket because he always expected this. When I didn't have one he somehow always found it in his heart to forgive me. “ One time when I came over to Susie and Roo’s, Peter asked me if I wanted to see his room. I said sure. I was up in his room for an hour and a half. His parents thought I had left. He totally entertained me and showed me *EVERYTHING* he had with full explanation of each item/s. He even talked me into getting under his bed. He thoroughly entertained me and the time flew by. I will always remember his devilish smile when he was up to something and how he always asked how each member of my family was. Peter’s family did a good job with Peter with the short time they had him on this earth. He is in a far better place now than any of us couldn’t ever imagine. God bless Peter and his family.

“ Susie, Roo, Caroline and the entire family. My family sends prayers to you all. I wish you strength and peace knowing that Peter touched the lives of so many.

Peter was so much more than a close friend to me. I first met Peter when I was a counselor at camp lazy days. The connection we had was instant. It went into overdrive when Peter found out that I was a firefighter at the Easton VFD; his curiosity and willingness to learn never ended. He asked a minimum of 20 questions a day about the fire department when we would be together! I gladly answered each and every one. I'm positive that the reasoning behind his fascination with the fire department over the years was because of his genuine concern for his community and the people in our community.

I remember the first time I brought Peter some informative fire department related magazines. Some time went by and when I saw Peter again, he blew me out of the water with what he had learned. For this specific story, I remember it was related to circular saws and chain saws and when it was appropriate for firefighters to use each. He knew the specifications on the saws! He knew why one would be preferred over another in certain situations! Peter was still a young kid and knew this from a book I didn't take the time to really read myself. Right then and there I knew I had to hold myself to a very high standard or else Peter would be holding me accountable! Peter buddy, I never really told you that you paved the way for me and my career. You are a constant reminder to me to always put my best foot forward. Thank you so much for caring. We made many awesome memories during our time at camp and it built the foundation for our lifetime friendship that I valued so much. I know he did as well.

I have no real idea how many fire department items Peter has collected over the years. But it's a lot! From shirts, fire patches, fire helmets, challenge coins, pins, gear, pictures, etc. All of this to go along with his arrowhead, shark teeth, and magic collections! He always told me it meant a lot to him to have the "real" stuff. So naturally, it always meant a lot to me for him to have it. The last item I gave him was only a few weeks ago. It was, in fact, another fire helmet!

Peter would call me regularly. If I didn't answer, he called again. He always called twice. He would sometimes have something very specific to ask or talk about, but many times he simply wanted to touch base and make sure I was doing okay. Peter did the little things that can sometimes get lost in the fast, busy society of today. I recognized that at a young age because of him. He would ask how I was, how my family was, and what was new in the fire department world. Peter gave me perspective and an outlook on life that has surely helped me personally at times. He helped me grow and learn. He made me a better fireman. He made me a better person and family man. We would spend mornings, afternoons or days together around town visiting the firehouse and friends. No matter what was going on in our individual lives over the years or how far apart we were physically at times, Peter never forgot about me and I surely never forgot about Peter.

I most recently got to spend part of the day with him on July 13 and I am so fortunate the scheduling worked out for that to happen as we were able to catch up on things.

I will miss you dearly buddy. Especially the phone calls checking in. You are in a special place, with great company. Probably even riding fire trucks!

“ I was director of the Lazy Days camp that Peter attended for years. Peter was a lover of anything involving magic. Well somehow we got to the point where Peter was convinced that my wife was a witch. My daughter at the time was volunteering at the camp. She would bring magic items from old Halloween costumes such as wands, gems etc to Peter who thought they were the coolest things. It was funny years later if Peter saw us in church, the store, or any other places in the community he would ask if the lady I was with was my wife the witch (not the easiest of things to explain to the witch for sure!) Was very very sad to hear of Peter's passing he was a joy to have as a camper and a student.

I too was caught up in the "magic" that was Peter Wood. He touched my heart the first time I met him and now takes part of it with him on his new journey. His sense of innocence was inspiring, his smile was contagious and his sense of humor quite entertaining..." If it's mine then what else is it? Nach-os!! Ever the gentleman he was polite, courteous and empathetic to what others were facing in their lives. May the strength of God shower upon the family comfort and peace as you face this loss.

Susan, Roo, Caroline and Pat Firth...Peter was always full of life and fun - always willing to try something new at school. During the time I knew him, I had the joyful experience of watching him mature and come out of his shell. He was truly one of a kind. Patrick, your tribute to him on Facebook brought tears to my eyes and I felt proud that I had some part in both of your lives. I have faith that Peter's next adventure will be "heaven sent" and that he will be watching and smiling -looking to make some magic of his own. As difficult as it is to lose him, please take heart in knowing that even for someone so young, he touched many lives and will be remembered fondly by all that knew him.
