“ My fondest memories of Rebecca come through working with her and the the Kent County Health Department. I visited Kent High School and watched her in her own element working with youth at the radio station. I can still hear her crystal clear voice proudly stating this was the only high school in Maryland with such capabilities. She took pride in innovative and tech savvy ideas to reach young people! Her smile and kindness will forever be remembered! I'll be sure to wear purple and will light a candle in her memory!

*Rebecca, I'm grateful to have crossed paths with you in this lifetime!*

*Sincerely,

“ I had the honor and absolute pleasure of serving in our great Air Force with Rebecca. We were instant friends and soon family. We laughed together, lived together, struggled through college together while working full time in the Air Force. She made up for her height in her voice and she always stood up for what is right and just regardless of her own circumstances and any time. Her love for animals was absolutely a true love that all of our animals felt and her and Dave have. Dave, I absolutely loved having the pleasure of see you two meet and fall in love. True love does exist and though there are always trials and tribulations in life, love and friendship prevails. Her last words to me, Friday, February 25, 2022 shortly after she got home from the hospital was, "I'll be seeing you"...and though I knew what the meant and sobbed endlessly, those are words that get me through each day as I talk to her now...I will and know in my heart of hearts that you are reunited with your beloved family, looking over the ones on earth. Til we meet again sweet friend, SISTER. I love you...
