

Dr. Regis Theodore Storch

October 16, 1938 - December 28, 2025

Dr. Regis T. Storch, age 87, passed away on December 28, 2025.

He was born to Theodore and Gwendolyn Storch on October 16, 1938 and was one of six children: Mona, Nancy, Joan, Donald and David.

Dr. Storch was married to his beloved wife, JoAnne Galvin, with whom he shared a life ingrained with devotion to family, service, and community.

He was the proud father of five children: Sandy, Ted, Susan, Katie, and Joe, the cherished grandfather of nine grandchildren: Thomas, Max, Emma, Sara, Conner, Oliver, Jonathan, Kate and Taylor; great-grandfather of three great grandchildren: Allie, Ronnie and Bella; as well as uncle to numerous nieces and nephews.

Dr. Storch served his country with honor in the United States Navy for nine years. Following his military service, he dedicated his professional life to caring for children as a beloved pediatrician, earning the trust and affection of countless families through his compassion, skill, and steady presence.

Outside of medicine, he found joy in fishing, sailing, gardening, cheering for the Pittsburgh Steelers, and—most memorably—telling jokes that never failed to bring smiles to those around him. His humor, kindness, and genuine

interest in others were hallmarks of his character.

Dr. Regis T. Storch will be remembered as a devoted husband, loving father and grandfather, dedicated physician, and loyal friend. His legacy lives on in the many lives he touched with care, laughter, and generosity.

Visitation will be held from 10:00–11:00 a.m. on January 2, 2026, at Sts. Peter and Paul Church in Easton, Maryland. A Funeral Mass will follow at 11:00 a.m.

“ *Dr Storch was our pediatrician for a few years in the early 2000's, until he retired. He was fantastic! As a new mother I found him to be very calm, comforting and thorough. May he enjoy endless love and light with his Savior. Sending love and peace to his wife (who was also such a delight in the office) and their family.* ”

Kimberly Hazuda - February 12 at 09:15 PM

I practically ran to Dr Storch with my oldest son when another pediatrician was nasty and couldn't understand what my son needed for a skin condition. Dr Storch immediately knew what it was and gave me medicine that cleared it right up! So thankful ☐

Cindy Ruark - January 04 at 07:32 PM

TC

“ Dr. Storch was my son's pediatrician. My son is 30 years old now. Best pediatrician I've ever had for either of my children. Sending condolences to Dr. Storch's family and friends. I'm sure he will be deeply missed. 🙏

Tania Clough - January 04 at 12:51 AM

RS

*“ Regis and JoAnne were some of our earliest friends from the medical community when we moved here in 1980. We shared many great times together and watching our kids grow up. Rest in peace Regis.

“Wow, Dr. Storch! So many fond memories of him being my older two kid’s pediatrician. He provided care with such a gentle bedside manner. He was personable and attentive! I remember him then hiring me to provide computer lessons to his beloved wife. I enjoyed spending time her as she picked up a new skill. May he Rest In Sweet Peace and may his family and friends be comforted with peace and comfort!

Tara L Newman-Bell - January 02 at 10:47 AM

“I will always be thankful for the wonderful care Dr Storch provided for my children years ago. They remember him as being kind and caring. I also had the privilege of working in his office for a time. He was always respectful to his staff, as well as his patients. My condolences to the family. May you be comforted by all the good memories we share. Blessings, Jeannie Lusby

Jeannie Lusby - January 02 at 10:00 AM

“Dr. Storch was my pediatrician and then both of my kids pediatrician. They are now both in their 30’s. Unwavering dedication to his patients and his profession. 365 days a year, if sick call/come and you would be seen. Prayers of comfort for his wife and his family.

Sheila Fooks - January 02 at 06:16 AM

“ Dr. Regis Storch was my son's doctor and he is 52 years old. His grandmother Emma Pitts worked with the lovely doctor for years and she would not let any other doctor touch her grandson. He was a doctor that knew how to love on children and he built a lasting relationship with the parents. Rest on my friend. Rev. Roxine Warrick-Palmer the daughter in law of Emma Pitts.

Roxine Warrick-Palmer - January 01 at 08:43 PM

We first met Dr. Regis Storch while looking for a pediatrician while starting our new family. He was so knowledgeable, patient with new parents and great with children. He will be missed.

Danielle Curtin - December 31, 2025 at 06:11 PM

NQ

“ I remember Dr. Storch giving me instructions on how to do an emergency tracheotomy when our son's throat was swollen with rotten tonsils. He was so calm about it that I was sure I could do it if I had to. It wasn't needed, thank goodness, but he was always confident and supportive. Our children were treated with love and genuine interest, and his advice was followed!
He was a wonderful man!
Please accept my condolences.

“ Dr. Storch showed a sense of urgency to call in tests when I was five years old for symptoms I was having that led to a leukemia diagnosis. It was an aggressive and fast spreading cancer, but it was caught in time because of him and I have been in remission for almost 24 years now. In short, he literally saved my life and for that I am forever grateful.

Kevin Vinciguerra - December 31, 2025 at 03:36 PM

PF

“ *I know that Regis was loved by his young patients since many of them mistook me for him. I heard countless reports on how much better they were doing. At first I corrected their mistake, but after a while it was obvious that they enjoyed running into an adult who listened to what they had to say. It seemed a shame to interrupt their reports. If you have to have a doppelganger, someone so highly regarded is a good one to have. My prayers are with his family.*

Mr. and Mrs. Hall, you must stop coddling this child and let him experience falls and allow him to pick himself up and run for the hills. I think there is a chair dedicated to Bryan Hall, who's parents had him in Dr. Storch's office everytime he seemed sick. How our son survived with these parents he was blessed with. Thank you Dr. Storch for being that special, caring doctor. You would be so proud of the young man Bryan Hall has become. Thoughts and Prayers for your entire family. God Bless Bill and Nancie Hall

“ All fond memories of the pediatrician I entrusted with my children, beginning with the birth of my son in 1993. Dr. Storch won me over as an expectant mother when he allowed me to interview him for my first child, and throughout the early years as he cared for my two children. I never once doubted the care and advice he gave. Godspeed.

Jeanne Scott - December 30, 2025 at 09:57 AM
