“ *I worked a few years at DuVal High School with Mr. Budd. I gradually got into coaching while I taught social studies at the school and came to know Mr. Budd as a coach and teacher, one who cared about his profession and the nurturing of his students and athletes. Remember especially the good teams he had in track and cross country. A hard working and creative professional. My sympathy goes out to his family and close friends knowing he will surely be missed. His conscientiousness and hard work touched many lives in big and small ways.*

“ Hello to Bobby's relatives and friends. I haven't seen Bobby since the 60s or 70s when I ran into him at a Langley Park store and we went back to his apt and he showed me the prismatic light paintings on very large canvasses. I was in AZA with him in late 40s early 50s and we played a lot of basketball together. He was an enjoyable teammate and friend and a real star at Wilson Teachers College and even got good at tennis if I remember correctly. I also used to see him when he was working with children on Capitol Hill. Maybe Barney House? I meet periodically with other Wilner AZA guys for breakfast and I will notify them of Bobby's passing. My deepest sympathies to all of you for your loss. Arnold Malhmood darthmolar@yahoo.com

He was the only Gym teacher at DuVal who actually tried to do his job - teach. Big heart.
