“ *Mr. Bob was an amazing man. As a friend of his children while growing up I can tell you he was a true family man that loved not only his own children but all that he ever meet. I will never forget and have told this story to many people over the years, when I turned 16 and got my first car. It needed alot of body work and not only did he take it and get body work done, gott it painted for no cost to me, he also brought it back with new tires and rims. I regret that as I got older and started my own family that I lost contact with him. He was truly one on the men I have meet growing up that had a big influence on my life as a kid and neighbor. I have thought alot about you over the years and you will be missed by many! Sending love and prayers to Beverley, Bobby and the rest of your family.*
