“ *Uncle Bob we feel your loss already, you meant a lot to this family. Aunt Judy my heart breaks for you— 65 years is a long time— but still not long enough. Lorna & George, Mark & Rebecca and all of the grands — he loved you guys so much. He treasured every moment he got to spend with you. I can remember sitting in Roberta’s living room while Michael, Uncle John and the DeCroes girls played a cut-throat game of 99. I was never fast enough and worried about losing a hand. Uncle Bob, I will always remember your kindness. I don’t want to say goodbye— but see you later.*
