“ My grandfather was a truly good man, who will be missed by so very many. He had an amazing life, serving in the Korean War as a member of the US Navy, living in Pittsburgh while working in the steel industry, witnessing the immaculate reception as an avid Steelers fan... but above all else, loving his family. He is the grandfather that not only taught me how to ride my bike, but also kept running behind me even after I knew how to so I could feel safe. His memory, his smile, and his endearing stubbornness, lives on in his three great- grandsons, Rylan, Tyler Robert and Logan Dawson. Thank you to the Alzheimer’s Association and other groups like it that work to prevent and cure this horrible disease.

“ Have to share my grandfather's favorite story...I was a little girl who wouldn't put my shoes on at the beach in the hot sand walking home, even though he told me to multiple times. I was a stubborn little thing...so Papa put down his chair on the beach path and sat there until I put my shoes on. I met my match that day and he'll always have my heart.

“ I cared for Capt. Lyon only for 2 evenings at Bayleigh Chase as a sitter, but I learned what a kind, gentle soul he was. My father was a Naval Capt. also so we bonded well.

*Thank you for your service for our country and out short friendship.*

*Sincerely,
