“ My thoughts and prayers go out to the family as you go through this time of loss. A farmer's life is never easy but a farmer enjoys every minute of caring for the land and providing for our families all around the world. There is a peace and sense of accomplishment when you can look out across the green fields during the growing season and then a feeling of excitement when harvest time comes. We always hope and pray for the best and at the end of the day relax in all the blessings that God provides. We can always rest in the promise that God will provide the land, sun, rain and strength for us to take care of His marvelous handiwork. A farmer's life is never easy but it is so rewarding. My hope is that Roy is now resting easy, chatting with his Dad and so many others that he came in contact with during his time here.
