“ Betty and Russell lived down the street from us. I'd see him and Betty trying out his restored vehicle. We'd always wave. Betty was our pet sitter. We loved her and really miss her. We'd see them at the Lions Club car show, and they'd win. Russell really missed Betty and now they're together. Prayers for your family! So sorry for your loss!! He was a great guy!!

“ To his family, “Johnny,” as we knew him, used to live on Crystal Spring Farm Road, when Karen was small. He was always a good friend to our parents, Karl (“Dutch”) and Alice Roscher. He had a big personality and loved to laugh and share stories. He spent many good times at our home on Crab Creek. He and Betty had a lovely home on the Eastern Shore, and were always glad to have company stop by for a visit. They both came to celebrate my Dad’s 80th Birthday in 2008. Our family enjoyed seeing them so much. He was as quick-witted and full of himself, as my brother, sister and I, remembered from those earlier days. We wish you peace and prayers at this sad time. “ *Becky and I have nothing but good memories of Russell. When the Kent Island Cruisers was founded almost three decades ago, Russell was here in our living room with the other founding members of the cruisers. I never think of him as a truck driver. I think of him as a creative automotive engineer who took on challenging projects with a smile, rather than with a slew of four-letter words. For example, he stretched the frame of a green tow truck so he could haul another green pickup truck on the back. He even joked about the mouse that killed his big green tow truck (the mouse got into the new radiator and the engine overheated). He and Betty had a Jack Russell terrier named Hemorrhoid ("Hemi") which they dressed in costumes and could snarl viciously on command. At a car show with an Elvis impersonator, Elvis was singing "You Ain't Nothing But A Hound Dog" and walked over to Hemi and while singing. Russell signaled Hemi and Hemi almost bit Elvis. Elvis laughed so hard that he could not continue singing. Russell recently completed installing a front-wheel drive train from a Toronado in a 1930's rear-wheel drive Buick. Unfortunately, he painted every vehicle he built dark green, his favorite color! He was a brilliant automotive designer disguised as a truly nice guy with a fun sense of humor. He was one-of-a-kind! We will all miss him.*
