“ Sharon and I worked together for several years, she would bring in the most beautiful, fragrant roses from her garden to share with us. One of her favorite candies was chocolate covered cordial cherries and again Sharon would share with us!

“ Sharon and I worked together for 17 years in the Pain Management Center. Her patients loved her. She always had great Rascal and Bear stories to share. Now when I hear Johnny Mathis songs, they'll always remind me of Sharon.

“ Some of my favorite memories with Aunt Sharon include watching my Dad chase her at home to tease and tickle her, watching her sitting in her corner reading her Harlequin Romance novels (which got me into reading more as well) and spending time with her on the beach, taking walks and looking for shells. She was such a beautiful lady and she will be truly missed! I know she is up in heaven with Grammy, Pappy, Aunt Joyce and Dad. My love Aunt Sharon!

“ Aunt Sharon when I was younger was always trying different craft hobbies. One of them was strong art involving lots of tiny brass nails placed precisely and routing the thread to make a design a number were ships and they were fascinating. She was so precise and focused when she was working on them I just admired her results and she was gracious in sharing what she was doing. I have not been as in touch recently as I would like but I know she is at rest doing those things that she truly enjoys unfettered now. Wish you Peace and Grace Sharon and will keep these great memories and others of you.
