“ *I was shocked to hear Suellen passed away last year. I didn't know she was ill. The last time I talked to her was after my husband passed away in 2017. My husband was the brother of her husband. So sad. She was a good person.*

“ Hello to the family of my very old friend Suellen
I am sure that my name doesn't mean much to her family but I first met Suellen when she was at Emma Willard School and I was at a near by boys school. I even visited her at the family's home in Harrisburg and then caught up with her at college in Marjorie Webster. Lost touch with her for many years and then once again caught up via the jewelry business. Then a few years ago I reached out and touched base again and thru the means of tele and internet have stayed talking. The last I heard from her was she was very sick in the hospital and as she told me it was bad and give her prayers, which I did. Tried to reach her again and just learned the said news. Needless to say I am very sad and I truly feel the loss of a very dear and old friend
I wish I knew personally some of her family as I would love to chat with them.

“ My wife and I were saddened to learn of the death of Sue Ellen. We got to know Sue Ellen through the St. Michaels YMCA and the Yacht Club. She and her late husband were well liked by many.

“ *I am so sorry to know that Suellen has died. We got to be good friends during her husband's time at Talbot Hospice and she was always ready with a huge smile and a hug. I will keep the family in my prayers!*
