“ I knew Susan only a very small portion of what seems to be big life as I see by the great video, with a fantastic family as I would expect nothing else. we met through an old friend of hers Diane at Homestead Campground, and again for the first time in about 20 yrs she happened to be photographer for a friend of my wife and I in Lewes De where by chance we recognized each other , and we shared how we wanted family pictures so she gave us a card, I was greatly devastated I learned that this had happened when attempting to contact her, what a great person, sorrows me greatly to know such a great family has endured such great sorrow . I know she is missed dearly.

sincerely,

“ I am sorry Susan was taken far too soon. She was the sweetest, nicest person I have ever known. She was so proud of her family and her pride showed when she spoke of them. I am a better person having known her and I am blessed to call her my friend.

“ *The first day my family and I moved into the Chesterfield community my son, Jason, told me he was going outside to meet friends. I was plenty busy and just said alright. Moments later he came running back to the house and brought along with him one of our neighbors, Susan Doucet. She was so bubbly that day introducing herself to me and welcoming me to the neighborhood. She was so excited that I was homeschooling my three children just as she was! That was the beginning of a very good friendship. I see that she had the same effect on so many people she meant. How could a little lady have such a BIG impact on so many people? It is because of the BIGGEST heart God could give anyone! I thank God for allowing me to know such a woman. On behalf of Morgan, Jason, Selena, Fidel and myself our deepest sympathy to Susan's family and our prayers are with you!*

“ Dale, I am so sorry to hear of Susan's passing. I know I haven't seen you all in forever, but every time I go passed Chesterfield, I would think of you both. May your memories of the happy times help you and your children through this difficult time. May the angels gently carry Susan home to where she will find no more suffering.

“ Susan and I met when we were both training for our first IronGirl triathlon with Team in Training, part of the Leukemia and Lymphoma Society. We would make the long drive to Salisbury every Sunday night to swim with our team mates. She wasn't fond of the water and after that first practice, thought she would give it up...but she never did and only worked harder to get better at it. I will forever cherish those long rides with her and the friendship we grew over those months training together.

She loved her children so much. Last year we ran into each other at the diner in town, we talked about her battles with cancer, and she expressed her fears of not being around to watch her children grow...how every moment she had with them she held dear, no matter how small. She said that she had been afraid to fall asleep because she didn't want to leave them. Oh it pains my heart to think of how much she loved all of you; Dale, Andy, Jimmy, Justin and Samantha..how she would give everything she had for just one more day to hold you...you have a perfect angel watching over you for all of your days.

I am in awe of you, Susan. I will forever remember you and forever love you. This August when I cross the finish line at IronGirl, I will raise my eyes to the heavens and praise your spirit.

Thank you for the gift of friendship...see you again someday.

“ *Some people have a wonderful way of putting others at ease~
They say and do the little things that will comfort and will please~
They have a special kind of warmth, they're quick to understand~
And whenever there is trouble, they lend a helping hand.
This world of ours was a better place and by far, much happier ~
Because there were special people as wonderful as you were~*

Taken from a plaque that Susan had given me a long time ago. The words seem fitting about her now.

Dale, Ellie, Andy, Jimmy, Justin and Samantha, I am so sorry for your loss.

I loved your Susan so much. She was a cherished friend of mine. She always understood things. What a treasure she was for all of us. Feeling so sad, yet so sure that we will see her again. Love and Hugs to you all as you navigate through this...

Please, please let me know if I can do anything to help you.

Love, Margaret

“ Susan is so open, full of life and love. It's not possible that she's taken all of that with her. And she hasn't...the enduring part of Susan is still very much here. Dale, Sammy, Justin, Jimmy and Andy, and Ellie - she overflowed with love for each of you whenever we would talk. She was fierce in her devotion to you. I admire how she grabbed ahold of life, kept a sense of humour, and remained real and transparent at the difficult end of her journey. She could have taught us all how to fight the good fight. She certainly showed me a thing or two about it. I'll miss her.

“ I met Susan on the football field 3 years ago, and she was a wonderful friend from the very moment we met. We would talk about the Lord, our families and she took many pictures of my boys and my baby girl, I am glad that I can look through the photo album and see the wonderful gift that she has left with our family. You will be truly missed but I know you are rejoicing in Heaven with the Lord by your side. Love you and one day we will meet again.

“ I will miss the "Iron Girl" immensely. I want to share the two reasons that I call her the Iron Girl. As many of you know, Susan enjoyed participating in the Iron Girl Triathlons. What many of you may not know is that when she signed up for her first triathlon she was unaware that it had a swimming component. For most of us, not such a big deal, however, for Susan it was. You see, Susan didn't know how to swim. Nonetheless, she took that iron girl attitude and started her training. She sought out a swim instructor who not only help her overcome her fear of the water but taught her to be a confident swimmer, even in open water, which is where she would have to swim to compete in the Iron Girl Triathlons. This was the first sign of the Iron Girl.

The second sign occurred while we were training for last year's Iron Girl event. Susan was going through treatments simultaneously and during the weeks that she was receiving treatments she would show up at the gym with a stint in her arm which was used to administer the chemo treatments. This is when I realized she really was an "Iron Girl"!

I will miss you terribly my friend!

Love,
