“ My thoughts and prayers are with Sue's family and friends. She was a great friend to me and my grandson Jaiden was very close to his mommom Sue, so much so that they spent alot of time together and had a very special bond and a great love for one another. Im so grateful to have known her and I will always appreciate the love and care she showed my family. My garden will have daisies in your memory. Fly high girl! Till we meet again 💜

“ I met Sue only once, but her kindness and welcoming nature made me feel like I had known her for years. She was a dear friend of my best friend, Catie, and I know how important their relationship was to each other. May she rest in peace and know her legacy lives on through her family and friends. Sending love to everyone who misses her dearly.
