

Teresa Ann Muscolino

October 23, 1960 - March 10, 2026

Teresa Ann Muscolino passed away peacefully at her home in Chestertown on March 10, 2026. She grew up in Capital Heights in DC. She graduated from Central High School with the class of 1978. Later, she found her career in being a health caregiver for disabled people, where she made a huge impact on many of her clients. Her selfless and loving nature made her perfect for that type of work.

Teresa had a childlike imagination that she never grew out of – she loved bright colors (especially turquoise) and she loved storytelling times, sharing all her loving memories that had touched her heart throughout the years. She prioritized living in the moment, never holding grudges or resentments from the past. As a mother, she was devoted and patient.

Teresa had an everlasting love for her Lord and Savior, and reconnected her faith with New Beginnings Full Gospel Church. Here she discovered Pastor Joe & wife Cecilla, Gary & Lisa Hill, Doug & Eva Golden, and lastly Maryland Wyatts. She found her Pray Partners For Life. This is her last request upon her completing her journey here on Earth, closing this chapter of her life and earning her wings for her next mission.

She was preceded in death by her grandparents, who raised her as their daughter, Vincent and Anna Rosa Ficco; her mother, Georgia Doonis; and her first grandchild, Charlie Bishop, and her best friend Scooby.

She is survived by her ex-husband, Michael Bishop; her children, Michael Bishop, Jr., Angelina Kane (Shawn), and Sean Bishop (Tamara Moreland); grandchildren: Vincent Bishop, Alex Bishop, Ben Bishop, Gabriella Bishop, Preston Kane, Levi Kane, and Athena Kane; her best friend Terri Kane and her husband Charles Kane; as well as her beloved pets: her dog named Butters and bird named Cozy.

Services will be held at a later date.

“ *Mom loved eggs, and I mean eggs of all forms. Every which way you could eat an egg. Mom had done it. She would make the best scrambled egg sandwich with cheese back in the day, with a fruit salad, yum.*

“ One thing I loved as a kid, if I had a doctor's appointment, we would always stop off at McDonald's afterwards and get something to eat. Mom would make it special. On 3/3 we stopped at Hardee's after her dentist appointment. We munched on double cheeseburger and they have the fries with their special cheddar seasoning. Yum, mom and I were so delighted in the flavoring of these fries, we sat and talked about her grandparents, she expressed appreciation for her grandmother giving her a few bucks to get something to eat , and driving her all over the place for softball and she never complained. As we continued to munch out, she spoke about using those few bucks to get her and Pam her best friend at the time a burger and frie after their softball game. She loved a burger and frie..always.

“ Sooooo, my mom would love to make midnight snacks, ever since we were kids. I can remember when I was about 8 years old, she made pink and blue pancakes first time ever seeing that, I was amazed. Then other times she would cook a bag of popcorn and throw some marshmallows with some sprinkles in it. They were quite tasty. Interesting enough over the last 10 years, she aquired a taste for burnt popcorn. Love you mom.

Jenna, thank you. We need them. The days are up and down. In the past, in the future, back to the present. Where to start, stop, pause. Then it's silent, and it starts all over again.

“ Oh that Teresa, sure had a love for music, her spirit looooved to groove to all different melodies. Her vibes were all her own and she was an amazing dancer. Her flow of harmony is everlasting. Now, she gets to test out her dancing wings, wishing her the best. Love you mom.

“ My Precious Dear Mother, so many loving memories, where to begin. Well there was this one time we went rollerskating at Quiet Waters park in Annapolis. We would visit often...mom love to be outdoors, during nice weather, we enjoyed rollerskating through all the paths, appreciating nature and fresh air. Afterwards, of course we would be starving, and mom always knew how to pack a lunch, picnics with mom were always special.
