“ *I will miss so many things about you as many of us will. You were loved by so many a true testament of your own caring and giving heart. I am so heartbroken and wished I could have done more. But I also know how much you were suffering and I knew it was time for you to go. You would thank me everyday for helping you, but I want to thank you for spending the last two years with me. I will treasure forever the talks, laughter and tears we shared. Until I see you again. I love you and thank God that you are at peace.*

You were and are so very special your parents should be so proud of you I know that I am . It takes a truly special person to step up and do for Marty what you found the strength to do . May you find peace in knowing that you gave it your all and that he is at peace.
