Dr. Maloney and Dr. Mary Maloney were our family doctors during the 60's and 70's. Dr. Tom delivered our first son. He often came to our house as I did not drive and the weather could be nasty. They always made us feel that we were in such good hands. RIP Dr. Tom. With grateful affection, Dave and Kathleen Seiler and Family.

“ *Dr Tom was our family doctor when I was growing up. It was my parents as well as my 7 siblings. I remember him making house calls. When I got married and had my own family, we continued to see Dr Tom. I remember calling the office with a sick kid. Dee would always tell me to bring him in. I might have to wait but they would fit me in. Not only did Dr Tom check my sick kid, but he checked the other two. I moved an hour away in 1986 but continued coming to Dr Tom into 1987. Finding doctors like Dr Tom and Dr Mary was unheard of! Still is! So Dr Tom, thank you for all you did for my family! To Dr Mary, thank you for all you did too! To Dr Mary and the rest of the Maloney family - Sorry for your loss. You're in our thoughts and prayers. Nothing but fond memories! God bless! Carol Spicer Coffey & Family*

“ *I remember Dr. Maloney coming to our house when I was a young girl. I also remember going to his office even after I got married. He was always kind and good. He was the last of "the old country doctors" that you always hear about. He really knew his patients and truly cared.*

“ Dr.Maloney was my doctor/our family doctor when we lived in
Maryland. He made house calls.He was a really good and caring
doctor.Hard to find doctors like him now a days. If I remember
correctly his wife was also a doctor and they worked together in the
same office.They had quite a large family from what I remember. I
live in Pa now and it is tough finding good doctors here.My
condolences to his family,he was a really great man.

“ *Terry, my condolences and prayers to you, your mom and your family. I still remember your wonderful and kind dad (Dr Maloney) trekking across the bridges and fields in a huge snowstorm to our house across the creek because my mother was afraid I had appendicitis, I was in such pain. Your Dad and Mom treated all of us until we all grew up and moved away.*

Doctor Maloney was our family doctor for years. He was one of the only docs who made house calls. I remember he stayed with my daughter in the hospital, when she was first diagnosed with a seizure disorder. A lovely soul has left us.

“ Like many families in the Landover Hills area, Dr. Maloney cared for my entire family. Growing up, I thought all Doctors were like him but as I got older and moved away from the area I realized we were very fortunate to have had a Doctor in our community who provided such wise, competent care to his patients. Thank you Dr Maloney for all you gave to us. Blessings to your family.

“ Dr. Maloney and his wife treated my entire family until their retirement. He was truly one of the best doctors I ever had. He had uncanny diagnostic abilities for which me and my family will forever be grateful for. He was a true pillar of the Hyattsville community and was greatly missed when he moved away. My thoughts go out to his family.

“ *Dr Maloney was our family Dr for years. I worked for him as a receptionist while going to Nursing school. At that time he still made house calls and had evening and Saturday hours. Dr Maloney was the best diagnostian I've known. My thoughts and prayers go out to his family, friends and loved ones*

“ *Dr. Maloney took care of the Tavel family for decades. My mother and father-in-law started going to the Maloney's shortly after they started their practice in Woodlawn. Dr. Maloney delivered a few of their children and then provided care to many of the grandchildren. He was truly one of the last of "country" doctors; making house calls and available at all hours. Our condolences to the entire Maloney Family. Our prayers are with you all.*

“ *My earliest memory was of riding on my Dad's shoulders, and how much fun it was to cover his eyes so that he couldn't see where he was going. Having my own rambunctious kids now, I marvel at the memories of how patient he was with me and all of my siblings. I will miss him terribly.*

“ For many years, my family resided in Prince George's County. Dr. Maloney was our family doctor.

When I was in 6th grade, my mother was worried because I was so thin. Dear Mom took me to the very WISE Dr. Maloney. He told her that I was healthy. His instructions were to not worry that I was thin because in a few years she would be working to get weight off of me. What prophetic advice, as I could now benefit from losing some weight! Mom is 82 years old now and we still chuckle about that visit.

Dr. Maloney was a brilliant physician from whom my family and I received excellent care. His lovely wife Mary was the perfect medical partner. As a child, I always assumed that she was a nurse. Mostly during that time period, women were nurses and men were doctors. Fortunately for us, she broke that mold. We long for the type of medical care which we received from those knowledgeable doctors on that little, hilly street in Landover Hills.

My condolences to his beautiful wife, family and many friends.
