“ *Traci was one of the first people I met when I started at WHBM. She was smart, humble and so welcoming. I was beyond impressed with how amazing she was at her job but even more so at how funny and kind she was. One night we tried to get her to come out with us at a meeting- she had gone to sleep and we relentlessly texted her with endless Bitmojis- she was cracking up every time we saw her that day!*

I will miss you- you impacted me in so many ways.

My love and prayers to Todd, her boys and her whole family.

“ *I remember being on a plane with you flying to Fort Meyers for a meeting . We hit massive turbulence and I was petrified . You looked at me and said in a calm voice "this is nothing ...it will be over soon ...we will be ok ." I just thought you were such a cool cucumber from then on . Calm in any storm . I along with many peers looked up to you in so many ways . Thankful and grateful to have known you . Thoughts and prayers to your family during this time . JP*
