“ Stopping by today because I keep thinking about you. I miss you so much. The last time we spoke was only days before you left us...I wish I could go back in time and take that beach trip we talked about. Our entire lives circled around each other for so long. There will always be a huge void in my heart. Together we endured many things, and held many "secrets" between us. I love you forever and my heart will never be the same.

“ It's been some time now. I can still hear your voice that day at Colonial beach, when you called out, "Mr. Shade!" at my concert. I hadn't seen you in almost 20 yrs! It was so good to see you. Many may or may not know that we were each others first love. I will always miss your smile and your sweet voice. I hope and pray you are at peace, until we meet again.
