

Virginia "Gina" Dyer

November 12, 1955 - November 16, 2018

Virginia White Dyer passed away on November 16, 2018.

Gina "Bug" was born November 12, 1955, in Charlottesville, VA, to William Henry and Virginia Rinehart White.

She was pre-deceased by her parents; her brother, Steve; and the love of her life, her husband, Phil Dyer.

Gina is survived by her brother Steve's wife, Ellen (Todd); her siblings, Willie (Nan), Lois Cole (Taylor), Landon (Jan); a niece, Mary Stamps Beebe; nephews, Willie, Tommy and Carter White, Timothy Smith, Steve and Taylor White, Reid and Grady White; and ten grand-nieces and nephews.

She attended St. Margaret's in Tappahannock, VA, graduated from St. Anne's in Charlottesville, VA, and attended Radford University.

The happiest times in Gina's life were those spent with Phil on Tilghman Island in Maryland. She loved their active life on the Chesapeake Bay, was an enthusiastic gardener, enjoyed sewing and doing her own upholstery work. More recently, Gina loved keeping up with her niece, nephews, and their children. Her pets were always a huge part of her life, and she loved them all so much!

Gina Bug was a generous, delightful, loving soul. She was very much loved and will be missed by all of us, but we are so happy that she will spend eternity next to Phil, who we also dearly loved.

“ *I was so shocked to find Gina's obituary in the Star Democrat today. She will be sorely missed. Gina always, despite whatever challenges she was going through at the time, had a kind word and a warm hug for anyone who needed it. I confess that I have not stayed in touch very well since she moved back to VA, but when we talked, it was always a joy! We were dear friends back in the late eighties. I know that our Lord has received her with joy and open arms...and that she and Phil will dance together once again.*
