“ *The reality is that you will grieve forever. You will not "get over" the loss of a loved one you will learn to live with it. You will heal and you will rebuild yourself around the loss you have suffered. You will be whole again but you will never be the same.*

Wilfred this pain of losing a sibling is different for me, it's new to me and just hard to process. You were a good person and a great day. You weren't able to say good-bye to the family and that hurts. But at least you no longer have to stress and be worrisome anymore. I'll forever have you in my thoughts and prayers as I did when you were still with us.

*Love your sister
